Fleitas says a jester, who acts as the master of ceremonies, is needed for the program. She en-courages people who like to speak in front of a crowd to audition for the part

"He (the jester) has to be a witty erson, one that can interact with the audience," she says. "Once the show goes on, it's in the hands of the jester.

But not only actors, musicians and singers are asked to participate. Fleitas emphasized that anyinterested is encouraged to audition for one of the many roles. She said the roles are challenging and enjoyable for students.

In fact, many of the students who have participated before enjoyed the experience so much they returned the next year, Fleitas says.

"The majority of the students that are in the Madrigal Dinners come back," she says.

## by Maria Gautschy

The second panel will be a surface design taken from historical pictures of Bryan and College Station. Greaves said the pictures will include an old train depot and the first school house

Brazos area

The third panel will be made from needlepoint designs of brands used by local cattle ran-

chers Peggy Calliham, director of the community center, said the project is intended to attract students from elementary through high school and senior citizen groups. But, she said, anyone is welcome to help

"It will be great to have a little community spirit in putting together the decoration," Calliham said

Newsletters were sent to local schoolteachers to encourage them to bring students on field trips to the community center and help with the project.

The initial work will be done during the first six weeks, Greaves The fiber for the 4-by-6 panels will be hand dyed from such things as onion, indigo, tea and said. The piecing together of the project will begin in November, she said, and probably be com-
