The Wilderness Institute for Leadership Development, an outdoors leadership training program designed to help students safely enjoy wilderness areas and to minimize man's impact on these areas, offers leadership certification through the Wilderness Education Association.

In the WILD program, participants completing a four-week expedition as specified by the National Standard Program will be certified as an outdoor leader.

Established in 1982 by the MSC Outdoor Recreation Committee, the WILD program meets regularly during the year—offering speakers, films, trips and classes to its members. It is open to anyone interested; no previous experience is needed. Applications and more information are available in the Student Programs Office, 216 MSC.

## Men injured in 2-story fall

**BOISE** — Two men who fell from the second-story window of a downtown hotel remained in critical condition early Wednesday at St. Alphonsus Regional Medical Center.

Alvin Dean Booth, 23, Wichita Falls, and John Reese Hendrickson, 45, Boise, tumbled 25 feet from a window of the Olympic Hotel late Tuesday.

Cindy Rapatz said she saw the incident, and they appeared to "embrace in a scuffle" when they fell from the open window and a flat metal grating on the sidewalk below.

"It looked to me like they were fighting," said the woman, who was on the sidewalk outside the hotel.
