**Tootsie and The Survivors:** Perhaps one of the strangest Double Features ever conceived by modern man. *Tootsie* is the smash hit starring Dustin Hoffman as an actor playing an actress. *The Survivors* is the small wonder on which Robin Williams and Walter Matthau conspired. **Rated R and PG.**

**The Gates of Hell:** Reported to be one of the grossest and bloodiest movies in existence. Another slash 'em up film. **Rated R.**

**Strange Brew:** Bob and Doug McKenzie's first movie puts them into an unusual mystery and tries to recapture the humor of their Great White North concept. **Rated R.**

**Rocky Horror Picture Show:** What happens when the all-American couple meets a transsexual and his trusty servants? They find out how much fun life can really be. This is a classic cult film and probably will be around for a very long time. Midnight. **Rated R.**

**Night of the Living Dead:** George Romero created this midnight cult film. It is refreshing that perhaps *Rocky Horror* will finally have some competition. Midnight. **Rated R.**

**Manor East**  
823-8300

**The Man From Snowy River:** Kirk Douglas stars in this western about a boy suddenly alone in the world who helps a girl struggling with life. This film is a test to see how long a theater can get away with showing the same movie. In Dolby stereo. **Rated PG.**

**Return of the Jedi:** The third piece to the exciting *Star Wars* trilogy. I doubt seriously anyone exists who doesn't know what this film is about. If you don't, well then, it's time to crawl back under your rock. **Rated PG.**

**Stayin Alive:** Tony Monero has moved up to Broadway in this, the sequel to the ever popular *Saturday Night Fever*. Unfortunately for us the music is still Bee Gee. **Rated R.**

**Post Oak:**  
764-0616

**Risky Business:** A delightful change of pace as far as teen-age adventures. This particular film has wit and charm despite a few problems. **Rated R.**

**Easy Money:** Rodney Dangerfield stars in this comedy about a party-going individual who will inherit a fortune if he can make it straight. **Rated R.**

**Trading Places:** Eddie Murphy and Dan Akroyd star in this humorous prince-and-the-pauper story. These two talents come together to make one of the funniest comedies released during the summer. A good entertainment value. **Rated R.**

**Deathstalker:** An epic with the popular Herculean concept. I hope muscles can sell a movie because this is all that this movie has. **Rated R.**

**Flashdance:** This film has helped create a craze in New Music. This film has little plot and little acting but is nevertheless entertaining and worth seeing. **Rated R.**

**Skyway Twin**  
Drive-In

**Stuck on You:** Another of the teen exploitation films that have made the movie industry exciting this past year. **Rated R.**

**Pick-up Summer:** This movie certainly did not pick up the summer nor will it pick up this fall. **Rated R.**

**Hercules:** Muscles make the movies go round. Not really, but muscles are the only attribute this movie has. **Rated R.**

**The Beast Within:** The transformation sequences in this film will make you wish the beast had stayed within. **Rated R.**

**On the cover:** Have you ever gone into your kitchen for a late-night snack, and discovered that half the ant population in Texas has decided to join you? While passing beneath the trees on your way to class do you hold your notebook over your head in fear of what the birds overhead might leave you? If this sounds like something you've had to deal with, see pages 4, 5, 8 and 9.
