# Reagan to open U.N. meetings, will discuss arms control, Soviets

**United Press International**  
NEW YORK — President Reagan began a two-day, two-pronged diplomatic mission Sunday that will mix condemnation of the Soviet Union with assurances he is deeply committed to arms control and the cause of world peace.

Reagan flew from Washington to New York for a round of private meetings with visiting foreign dignitaries and an address Monday to the 38th session of the U.N. General Assembly.

Reagan arrived at Newark

International Airport aboard Air Force One before noon and flew by helicopter to Manhattan.

The president arranged a two-hour working lunch at his suite in the Waldorf-Astoria Hotel with U.N. Secretary-General Javier Perez de Cuellar, and scheduled meetings or visits touching on virtually every world trouble spot—the Middle East, Southeast Asia and Poland among others.

Diplomats and heads of government are gathering under a cloud created by the Soviet attack on Korean Air Lines

Flight 007 more than three weeks ago and an ensuing war of words between Washington and Moscow.

The Soviets were not invited to a Sunday evening reception hosted by Reagan. Soviet Foreign Minister Andrei Gromyko decided to boycott the U.N. session altogether after being refused landing rights at civilian airports in the New York area.

In a curtain-raising radio speech Saturday, Reagan said he was going to the United Nations on behalf of "the cause of peace." The address was trans-

lated into 40 languages and beamed around the world by the Voice of America.

The treatment of Gromyko angered some diplomats. The controversy intensified when Charles Lichtenstein, the deputy U.S. representative, said the United States would not object if

U.N. members decided to move the organization.

U.S. officials said Reagan would reaffirm full support for the United Nations during his meeting with Perez de Cuellar, despite a vote Thursday by the Senate to cut U.S. payments to the organization.

## Former politician's sons plead guilty, face jail

**United Press International**  
PAMPA — The sons of two former Panhandle Congressmen are awaiting sentencing in a conspiracy to smuggle tons of marijuana into the United States, a Pampa newspaper reported.

Robert Grant Price, 28, the son of former Rep. Bob Price of Pampa and Kell Purcell, 25, the son of former Rep. Graham Purcell pleaded guilty to federal charges linking them to international drug smugglers, the Pampa News reported Sunday in a copyright story.

The men await sentencing after pleading guilty to charges that link them to a group of Cuban, Colombian, and Amer-

ican drug smugglers, assistant U.S. Attorney Wes Rivers of Beaumont told the newspaper.

Both have been released on \$50,000 bonds.

The smugglers imported 210 tons of Columbian marijuana worth \$30 million into the United States over a two-year period, Rivers said. The illegal cargoes were transported to points along the coastline between Florida and Texas, including some isolated south Texas ranches, a federal Drug Enforcement Administration investigation revealed.

The sealed indictments returned by a Beaumont federal grand jury were opened in mid-July, Rivers said. The indict-

ments charged the sons of the former legislators with possession of marijuana with intent to distribute and conspiracy to possess marijuana with intent to distribute.

## Singer-songwriter surrenders to face charges of murder

**United Press International**  
FORT WORTH — Country singer-songwriter Ronnie Mack will surrender to authorities Monday to face charges in the shotgun slaying of his wife, his attorney said.

A warrant was issued last week charging Mack, 39, with murder in the shooting death of his wife, Coral Ann McCowan, 26, July 25 at their Fort Worth home. Police said the woman was shot in the head following an argument.

Mack, whose real name is Ronald Earl McCowan, had told police that his wife shot herself with a 20-gauge shotgun while the couple was lying in bed. But police said that laboratory tests

ruled out the possibility of suicide.

Mack's attorney, Bill Magnussen of Fort Worth, said his client planned to surrender to

Fort Worth police Monday and post \$5,000 bond.

Magnussen said Houston attorney Richard Haynes has been hired to defend Mack.
