

As a Marine Officer, you could be in charge of a Mach 2+ F/A-18A, a vertical take-off Harrier or one of our other jets or helicopters. And you could do it by the time you're 23. But it takes a special commitment on your part. We demand leaders at all levels. We teach you to be one. If you're a freshman or sophomore, ask about our

undergraduate officer commissioning programs. If you're a junior, check out our graduate programs. Starting salaries are from \$17,000 to \$23,000. And you can count on going farther...faster.

**Go farther...  
faster.**

*Maybe you can be one of us.*

**The Few.  
The Proud.  
The Marines.**
