

GRADUATING ENGINEERS

REACH FOR TOMORROW WITH MARTIN MARIETTA AEROSPACE

There are three important things every graduating engineer should know about Martin Marietta Aerospace:

1. Our unique organizational structure gives you unusual flexibility in determining your career path and accomplishing your personal goals. Unlike most other aerospace firms, Martin Marietta uses a matrix organizational system that gives you a "technical home" rather than placing you in a single program or product area.
2. Martin Marietta will provide you with a stimulating environment through challenging assignments. We have hundreds of long-term contracts that require imagination and creativity. And we have some of the world's most sophisticated equipment and facilities to assist you in your efforts.
3. And finally, we want to talk to YOU. We will be holding on-campus interviews very soon. Arrange to talk with us and we'll give you more

information about Martin Marietta Aerospace and its opportunities. And remember, if you enjoy reaching for the challenges of tomorrow, look into a career with Martin Marietta today. Martin Marietta Aerospace has many new opportunities awaiting college graduates. Major facilities are located in Denver, Colorado, New Orleans, Louisiana, and at Vandenberg AFB, California.
