

## Dickerson gains 146 yards

# Rams defeat Falcons

**United Press International**  
ATLANTA — Rookie Eric Dickerson padded his NFL rushing lead Monday night with 146 yards and two touchdowns in pacing Los Angeles to a 36-13 romp over the Atlanta Falcons that lifted the Rams back into a tie with San Francisco atop the NFC West.

Dickerson, the second player selected in the draft following a record-breaking career at SMU, set two Rams' single-season records as he raised his rushing total to 1,359 yards and his touchdown total to 19 with five games remaining in his first pro season. The Rams, raising their record to 7-4 to match the 49ers,

dropped the Falcons to 4-7.

The Rams got their first touchdown with 3:28 left in the first quarter on a 61-yard pass from Vince Ferragamo to Preston Dennard, who was wide open behind the Falcons' secondary. Dickerson, who carried 21 times, scored from a yard out at 4:35 of the second quarter and he added a 7-yard TD run with 9:23 left in the third quarter. Less than four minutes later, Ferragamo flipped a 9-yard scoring pass to George Farmer.

The Rams got their final touchdown with 1:52 left when Barry Redden, filling in for Dickerson — who did not play in the final quarter — broke off on

the left side and scampered 40 yards.

The Rams missed the conversion try after their third touchdown because of a bad snap, but Chuck Nelson clicked on a 27-yard field goal on the second play of the fourth quarter. Nelson was also wide on his extra-point attempt after Redden's TD.

The Falcons scored first in the rain-plagued game on a 31-yard field goal by Mick Luckhurst with 5:34 left in the first quarter. The Falcons, on their first possession, had driven from their own 29 to a first down at the Rams' 4-yard line, but were then pushed back to the 14 and had to

settle for three points.

En route to their second straight lopsided loss, the Falcons were behind 14-3 before driving from their own 11 to the Rams' 6-yard line. The Los Angeles defense held there and Luckhurst came on for a 23-yard field goal with 2:48 left in the period to leave the Falcons trailing 14-6 at the half.

The first time the Rams got the ball in the second half, they marched 72 yards, mainly on the running of Dickerson, who had a 37-yard burst up the middle and another 10-yard run prior to his TD scamper.

# Cowboys' sale would not change a thing

**United Press International**  
DALLAS — Even though the Dallas Cowboys are officially for sale, club officials insist there will be no alteration in the structure that has made the franchise one of the most successful in professional sports.

The long-rumored possibility that the Cowboys might be on the block was confirmed by club president and general manager Tex Schramm during the weekend, but Schramm said there was no guarantee the club would change hands any time soon.

A sale is being considered because of the failing health of club owner Clint Murchison.

"Nothing is imminent," said Schramm. "It's just in the very, very early stage. Selling the team

is just one of the options being considered."

Murchison, 58, is reportedly suffering from a disease that has limited the blood supply to the brain, thus affecting his speech and mobility. The sale is apparently being considered chiefly to avoid estate tax problems and a potential fight for the team among his heirs.

There were reports last summer that both the Cowboys and Texas Stadium in suburban Irving were for sale, but they were discounted because Murchison does not own the stadium.

Schramm's comments were the first public confirmation that a sale was being considered.

But Schramm emphasized that if the Cowboys were sold,

the same philosophy of management would continue. Murchison has never interfered in the running of the organization, leaving the front office decisions to Schramm and the team to coach Tom Landry.

Club officials have indicated in the past that Murchison never pocketed any of the profits from the Cowboys, but that money back into the organization.

"He has never even filed an expense account for trips he made to our games," one club official said. "And he could have had to."

"If it takes me becoming one of the owners to keep it together, I will," said Schramm.

# 25th Liberty Bowl is Irish, Boston College

**United Press International**  
MEMPHIS, Tenn. — Notre Dame and Boston College will meet in the silver anniversary Liberty Bowl game, but the match-up will not become official until invitations are issued this weekend.

NCAA regulations prevent

bowl officials from issuing invitations before Saturday and they would not comment publicly Monday on whether the Fighting Irish and Eagles have already agreed to the Dec. 29 match-up.

Liberty Bowl sources said privately, however, the deal was

finalized late Sunday.

"Notre Dame is a great team both on television and in person," said one source who said the selection committee ought to be a great game.

"I couldn't be happier about any other bowl right now," Boston College athletic director Tim Flynn said.

"It was kind of a surprise has people talking," said Ed White, assistant sports information director at Notre Dame, who would really be something great Catholic schools fighting out in Memphis."

An appearance in the Liberty Bowl, which will be televised by Katz Sports, would guarantee each school a \$620,000 payoff.

The Fighting Irish are in their season, losing to Penn State their last outing. Notre Dame closes its regular season Saturday against Air Force.

Boston College is 7-2 with dates left against Holy Cross and Alabama.

## Before We Put You In Charge Of The World's Most Sophisticated Nuclear Equipment,

## We Put You Through The World's Most Sophisticated Nuclear Training.

It takes more than 16 months of intensive training to become a fully qualified officer in the Nuclear Navy. You begin with four months of leadership training. Then as a Navy officer you get a full year of graduate-level training unavailable anywhere else at any price.

Navy training is based on more than 1900 reactor-years of experience. Right now the Navy operates over half the nuclear reactors in America. And the Navy's nuclear equipment is the most sophisticated in the world. That's why your Navy training is and must be the most sophisticated in the world.

As an officer in the Nuclear Navy, you have decision-making authority immediately. You get important management responsibility fast. Because in the Navy, as your knowledge grows, so does your responsibility.

Your training and experience place you among the country's most qualified professionals. (No surprise

that most of the men who operate the reactors in private industry started in the Nuclear Navy.)

It takes more time and more effort to become an officer in the Nuclear Navy. But the rewards are greater, too.

The rewards can begin as early as your junior year in college. Qualify, and the Navy will pay you approximately \$1000/month while you finish school.

After four years, with regular promotions and salary increases, you can be earning as much as \$40,500. That's on top of a benefits package that includes medical and dental care, and 30 days' vacation earned every year. More responsibility, more money, more future. So, if you're majoring in math,

engineering or the physical sciences, and you want to know more about a future in nuclear power, fill in the coupon.

Today's Nuclear Navy is an opportunity like no other in the world.
