

Texas Instruments to launch Job Fair Tues., Oct. 2, 1984 Memorial Student Center, Texas A & M Rooms 212-224

TI's technical managers want to see you. They want to tell you about the job opportunities in the many technologies which make Texas Instruments a leader in electronics.

That's why TI is having a Job Fair on the Texas A & M campus October 2nd through the 4th. It gives the company three days to bring in dozens of key engineers and managers to meet you. They'll come from TI labs and sites in all parts of Texas: to describe programs, answer questions, interview, and invite you to their facilities.

If you're a top student, particularly in EE or Computer Science, this is an event you won't want to miss.

- **Briefing and sign-ups for interviews 10 a.m. to 8 p.m. Oct. 2, at Memorial Student Center, Texas A & M, Rooms 212-224.**

- **Interviews (by appointment) Oct. 3 and 4. Invitations for plant visits will be extended on those days as appropriate.**

Semiconductor Group — world's leading supplier of semiconductor components, materials and technology.

Semiconductor Sales — responsible for sales of state-of-the-art technologies such as speech synthesis, microprocessors, logic arrays and MOS memories.

OCTOBER						
SUN	MON	TUE	WED	THU	FRI	SAT
	1	2	3	4	5	6
7	8	9	10	11	12	13
14	15	16	17	18	19	20
21	22	23	24	25	26	27
28	29	30	31			

Briefings & Sign-ups

Interviews

SIGN UP FOR INTERVIEWS IF YOU ARE GRADUATING IN DECEMBER.

Bachelor's, master's or PhD degrees in:

- Electrical Engineering
- Computing Science
- Aerospace Engineering
- Mechanical Engineering
- Industrial Engineering*
- Physics (Engineering and Solid-State)
- MBA with technical undergraduate degree (Semiconductor Sales ONLY)
- Electrical Engineering Technology*
- Business Analysis
- Business Computing Science
- Industrial Production Management Technology*

*Only for production engineering such as manufacturing and quality assurance.

NOTE: Persons majoring in any degree with at least 18 hours of computer science will be eligible to interview with the Information Systems and Services Group (IS&S).

TALK TO TI'S MAJOR PRODUCT & SERVICE GROUPS.

Equipment Group — state-of-the-art government electronics including very high-speed integrated circuits, electro-optics, radar and digital systems, missile guidance systems, and RF/Microwave systems in both design and production. *U.S. citizenship required.*

Information Systems & Services — state-of-the-art computer systems and services to TI's worldwide operations.

Data Systems Group — responsible for design, manufacture, marketing and servicing of digital equipment — mini/microcomputers, disk storage, data terminals, computer peripheral equipment and more.

Corporate R & D and Engineering — pioneering the technologies required by present and future business opportunities.

Corporate Facilities — responsible for layout, engineering and designing the building and facilities systems necessary for manufacturing and testing TI products.

Locations: Austin, Dallas, Houston, Lewisville, College Station, Temple, Midland, McKinney, Sherman, Abilene, and (for semiconductor sales) all major U.S. cities.

Candidates must be registered with the Placement Office.

Bring your data sheet or resume. See you on October 2.

An Equal Opportunity Employer M/F

TEXAS INSTRUMENTS

Creating useful products and services for you.
