

Dooley, 'Dawgs turn gold again

United Press International
 ATLANTA — It's about time someone came up with a nickname for Vince Dooley.
 They used to call UCLA basketball coach John Wooden "The Wizard of Westwood," so let's call the Georgia football coach "The Alchemist of Athens."
 After all, Dooley's Georgia Bulldogs keep changing into gold.
 That Dooley black magic began to manifest itself back in '65, his second season as Georgia's head coach. The Bulldogs, a 6-4 team, upset defending national champion Alabama, 18-17, with a late fourth-quarter 73-yard flea-flicker touchdown and two-point conversion.
 Nearly 20 years later, Dooley is still stirring up the brew; his latest effort was last Saturday's 26-23 upset over Clemson, featuring a 60-yard field goal.
 In between, the number of times Dooley teams have won in mysterious ways has become legend.
 Some classic examples:
 — In the 1972 Georgia Tech game, Andy Johnson, a running quarterback, became a passing quarterback in the closing minute to give Georgia a come-from-behind, 28-24, victory.
 — In the 1975 Florida game, tight end Richard Appleby faked an end around and threw an 80-yard touchdown pass in the closing minutes for a 10-7 Georgia victory.
 — In the 1978 Kentucky game, Georgia, down 16-0 midway through the third quarter won 17-16, when Rex Robinson kicked a field goal with three seconds left.
 — And who, among those who were there or saw it on national television, can forget the 1980 Florida game when Georgia scored in the closing minute with a 93-yard Buck Blue-to-Lindsay Scott pass? Georgia won, 26-21, and continue its

drive toward the national championship with freshman Herschel Walker at the wheel.
 Atlanta Falcons coach Dan Henning expressed an interest in Georgia's upset of Clemson, particularly about the controversy that arose when Clemson coach Danny Ford insisted there should have been at least one second left on the clock when, on the kickoff return following the winning field goal, Clemson went out of bounds at the Georgia 35.
 "But I don't think luck has all that much to do with it," Henning said. "Dooley has been at Georgia, what, 21 years now and when you keep on winning like he has, you have to figure that's a pretty good job of coaching."
 Dooley, who became a head coach at the age of 31, entered this season as the No. 3 active college coach in total victories with 161 and the No. 9 active coach in winning percentage at .721.
 But even more impressive is the fact that Dooley's teams are 46-4-1 for their last 51 games (dating back to the final game of the '79 season) with only two regular-season losses — 13-3 to national champion Clemson in '81 and 13-7 to No. 3 Auburn last year.
 "I'll tell you one thing," said Georgia Tech coach Bill Curry. "It's mighty tough to beat those Bulldogs up there between the hedges in Athens. That upset of Clemson didn't surprise me. No sir, I wouldn't be surprised if they beat the Pittsburgh Steelers up there."
 Maybe, said Curry, Dooley's magic is in those rows of hedges that run down the sidelines at Sanford Stadium. "Maybe," he said, since Georgia Tech is hosting Clemson on astroturf this Saturday, "we should install astrohedges this week."

Texas Instruments to launch Job Fair Tues., Oct. 2, 1984 Memorial Student Center, Texas A & M Rooms 212-224

TI's technical managers want to see you. They want to tell you about the job opportunities in the many technologies which make Texas Instruments a leader in electronics. That's why TI is having a Job Fair on the Texas A & M campus October 2nd through the 4th. It gives the company three days to bring in dozens of key engineers and managers to meet you. They'll come from TI labs and sites in all parts of Texas: to describe programs, answer questions, interview, and invite you to their facilities.
 If you're a top student, particularly in EE or Computer Science, this is an event you won't want to miss.

- Briefing and sign-ups for interviews 10 a.m. to 8 p.m. Oct. 2, at Memorial Student Center, Texas A & M, Rooms 212-224.
- Interviews (by appointment) Oct. 3 and 4. Invitations for plant visits will be extended on those days as appropriate.

Semiconductor Group — world's leading supplier of semiconductor components, materials and technology.
Semiconductor Sales — responsible for sales of state-of-the-art technologies such as speech synthesis, microprocessors, logic arrays and MOS memories.

Briefings & Sign-ups

SIGN UP FOR INTERVIEWS IF YOU ARE GRADUATING IN DECEMBER.

NOTE: Persons majoring in any degree with at least 18 hours of computer science will be eligible to interview with the Information Systems and Services Group (IS&S).

Data Systems Group — responsible for design, manufacture, marketing and servicing of digital equipment — mini/microcomputers, disk storage, data terminals, computer peripheral equipment and more.
Corporate R & D and Engineering — pioneering the technologies required by present and future business opportunities.

- Bachelor's, master's or PhD degrees in:
- Electrical Engineering
 - Computing Science
 - Aerospace Engineering
 - Mechanical Engineering
 - Industrial Engineering*
 - Physics (Engineering and Solid-State)
 - MBA with technical undergraduate degree (Semiconductor Sales ONLY)
 - Electrical Engineering Technology*
 - Business Analysis
 - Business Computing Science
 - Industrial Production Management Technology*

TALK TO TI'S MAJOR PRODUCT & SERVICE GROUPS.

Equipment Group — state-of-the-art government electronics including very high-speed integrated circuits, electro-optics, radar and digital systems, missile guidance systems, and RF/Microwave systems in both design and production. U.S. citizenship required.

Information Systems & Services — state-of-the-art computer systems and services to TI's worldwide operations.

Corporate Facilities — responsible for layout, engineering and designing the building and facilities systems necessary for manufacturing and testing TI products.
 Locations: Austin, Dallas, Houston, Lewisville, College Station, Temple, Midland, McKinney, Sherman, Abilene, and (for semiconductor sales) all major U.S. cities.
 Candidates must be registered with the Placement Office.
 Bring your data sheet or resume. See you on October 2.
