Anthony dollars used frequently for peep shows

United Press International
 NEW YORK — The most frequent users of Susan B. Anthony silver dollars are peep show patrons who drop the coins in slots to see x-rated shows, a magazine says. Unfortunately, "the public just doesn't want a dollar coin," Vanity Fair quoted a Treasury spokesman as saying. Most of the Anthonys have never left the mint.

But they have proved popular with those who frequent pornography houses, the magazine reported in its October issue.

"Patrons — often not a feminist sympathizer among them — happily hand over foldable dollars for handfuls of the coins," Vanity Fair said.

In 1979, the U.S. Treasury minted 858 million Anthony dollars, roughly the size of a quarter, in honor of the famed feminist and suffragette.

Police Beat

The following incidents were reported to the University Police Department through Sunday.
MISDEMEANOR THEFT:
 • A red Raleigh 10-speed bicycle was stolen from the bike rack behind Hart Hall.
 • A black Western Auto 10-speed bicycle was stolen from the bicycle racks at the corner of South Bizzell and Lubbock Streets.
 • A Fuji Monterey 10-speed bicycle was stolen from the bicycle rack west of Dunn Hall.

Corps' lounge renovation finished

The study lounges on the quadrangle in the Corps dormitory area were repaired and recarpeted during the summer and the last shipment of new furniture has just arrived, says Roxie Pranglin, Corps area coordinator.

The lounges, A, B, C and D, all have new chairs, tables, two-seater and three-seater couches. Fluorescent lights have replaced the over-

hanging lights in the back and side areas in all of the lounges.

The money for the renovations was obtained from three sources: dorm room rental fees, interest earned on dorm room rental fees, and money obtained through special events — such as conventions and conferences held during the summer — Barry Nelson, manager of Administrative Services, said.

"Some of the old furniture has been in the study lounges since 1974," Pranglin said.

The lounges had vinyl covered walls, but it got to the point where it was better to take off the vinyl because it had many rips in it, Pranglin said. The walls then were retextured and painted, she said.
