prime minister, Rajiv Gandhi, 40, fired Delhi Lt. Gov. P.G. Gavai for failure to control the rioting and replaced him with tough-minded Home Minister M.M.K. Wali.

"The security forces have been strengthened and there is intensive patrolling in the affected areas," Wali told reporters. "My first task is to restore confidence in the people."

The capitol police and army troops, who have been under intense criticism for failing to act on shoot-on-sight orders against rioters, opened fire 102 times during the riots, killing 17 people and wounding 14, Wali said.

More than 80 cities around the nation remained under indefinite curfew, but some municipalities lifted the travel ban Sunday for short periods to allow residents to stock up on provisions.

Gandhi also named nine new ministers to his cabinet Sunday, bringing his government up to full strength to deal with the task of reconstruction and reconciliation.

All but one of the ministers had served in his mother's cabinet. Like his mother, Gandhi retained the foreign affairs portfolio for himself.

Less than 1 mile from the site of Gandhi's cremation, in the Trilok-puri district of the capital, an estimated 15,000 Sikhs took refuge from the howling mobs in the Gandhi Memorial Senior Secondary School.

Minnesota, the only state where aides concede the president is trailing, was announced less than two hours before the president's planned departure from Wisconsin, where a new Milwaukee Journal poll showed his lead has doubled from 11 to 22 points since late September.

White House spokesman Peter Rousel said Reagan himself proposed the stop in Minnesota — a brief airport news conference — Saturday evening.

In Memphis, Mondale held out the prospect to the black congregation of what a second Reagan term portends.

that Reagan is planning an invasion soon after his own re-election.

The United States has given more than \$55 million to rebels fighting the Sandinistas in the last few years. Congress halted the aid last month until a debate on the issue is held next spring.

Eden Pastora, the rebel leader

once known as "Commander Zero" who defected from the Sandinista ranks, said on short-wave radio from the southern Nicaraguan mountains that the Sandinistas "hope to institutionalize a Marxist-Leninist constitution."

"These elections are a joke for the Nicaraguan people, who do not even have the freedom to say no," he said.

VOTE TUESDAY, NOVEMBER 6

Polls Open 7 a.m. - 7 p.m.
 Avoid Lines - Vote Early

Fellow Aggies:
 On Tuesday, November 6, the student body of Texas A&M will have the opportunity to show our support for President Ronald Reagan and Congressman Phil Gramm. These races are vital for the continued growth of our country and state. Students will also have the opportunity to choose who will represent us as our Congressmen and State Representative as well as being able to cast a vote in county-wide races which will directly affect our lives while at Texas A&M. The Republican party offers qualified candidates for every office.

Election day is a very important day, one in which we must make a crucial commitment to our future. Therefore, VOTE REPUBLICAN. To exercise your right to vote, you might be forced to stand in lines or experience difficulties from various election judges, but to give Ronald Reagan another four years and to elect qualified, conservative leadership to Brazos County government it is well worth the effort.

We trust you will join with us in supporting all of the county, state, and national Republican candidates in this year's election.
