Bleacher ball

Photo by DEAN SAITO

Residents of Dunn Hall, who call themselves the Dunn Hall Bleacher Bums, enjoy a game of bleacher ball prior to the Texas A&M women's volleyball match against Pepperdine Friday night in G. Rollie White Coliseum. The Ags won.

Girl has second heart transplant

United Press International
PITTSBURGH — Kellie Cochran, the 2-year-old toddler who became the nation's second simultaneous heart-liver transplant recipient, underwent a second heart transplant Sunday at Children's Hospital.

"Although the transplanted liver is beginning to function as expected, the heart was not responding, so a search for a donor was made," a hos-

pital spokeswoman said.

The operation began shortly after midnight and ended about 5:30 a.m., the spokeswoman said.

Kellie was taken to the intensive care unit where she is listed in critical condition, said a nursing supervisor who asked not to be named.

The first heart apparently was not beating properly and showed signs of rejection, the supervisor said. Doctors discussed using mechanical

assistance to make the first heart function but decided to operate a second time once a donor was found, she said.

The Birmingham, Ala., girl underwent a dual heart-liver transplant Friday. In that 13-hour procedure, liver transplant pioneer Dr. Thomas Starzl supervised one phase of the operation and Dr. Henry Bahnson performed the heart transplant.

Kellie suffered from intrabiliary hypoplasia, a disease that causes bile ducts in the liver to degenerate. Her heart muscles also were damaged, possibly as a result of a virus, doctors said.

Kellie and her mother, Jan Cochran, had been staying at the Ronald McDonald House in Pittsburgh for the past several weeks near the hospital when a donor was found.

The Naming of Rugby

Rugby originated accidentally. In 1823, William Ellis, a student at Rugby College, England, was involved in a soccer game playing with strictly kicking rules. Ellis decided that since kicking was not his forte he would run the ball down the field.

News of Ellis's run spread. Soccer players began to think that running as well as kicking the ball would add excitement to games. Everytime Ellis's play was mentioned Rugby College was too. Eventually, the new game was called "Rugby's Game."

Rugby was tried as an experiment. Rules stating a player could run with the ball if caught on the fly or on the first bounce were added. Players took an immediate liking to the game.

Rugby came to the United States in 1875. Even though Americans have never taken greatly to Rugby, America owns the distinction of having won the Rugby Championship in the Olympic games in 1920 and 1924.

A February 1984 NCAA report listed Rugby as the number one club sport among men, both in number of sponsoring institutions and the number of participants. For women, Rugby was fifth in numbers of participants and second in number of sponsoring institutions.

INNERTUBE WATER BASKETBALL CHAMPS

ALL-UNIVERSITY WINNERS:

- MEN'S:** Class A- Mongrels
Class B- D-G Snorkels
- WOMEN'S:** Class A- Clements Crush
Class B- Killer Bees
- CoRec:** Class A- Test Tubers
Class B- Wet Chickens
Class C- Radicals

CONGRATULATIONS TO ALL WINNERS!

PUNT, PASS and KICK WINNERS

- MEN'S** - Christopher Thompson
WOMEN'S - Janet Braley (new University record-337 ft.)

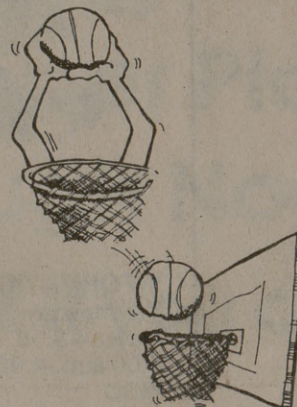

HI HO SILVER

The Texas Aggie Rodeo Association provides rodeo contestants with an opportunity to compete in National Intercollegiate Rodeo Association events. Contestants from the Southern Region of the NIRA compete in bareback, saddlebronc, bull riding, tie down calf-roping, team roping, goal typing and barrel racing. The Southern Region includes colleges and universities from the Texas Valley, East Texas and Louisiana.

ACKNOWLEDGEMENTS

McDonald's Intramural Highlights is sponsored each Monday in the Battalion by your local McDonald's® Restaurants at University Drive, Manor East Mall and on Texas Avenue. Stories are written by members of the Intramural Staff, graphics are by Joel Hickerson, and photos are by Tom McDonnell and Marcy Basile.

COMING ATTRACTIONS

1984 All-University Swim Meet Results

200 Medley Relay-Men	1:43.64
