Wednesday Week

## L.A. band at A&M

Sort of like the GoGos and kind of like the Bangles, another girl rock group has emerged from the Los Angeles area and will turn up in the Basement at 4 p.m. today.

Wednesday Week, not to be confused with a week from Wednesday which is March 6 and has nothing to do with the subject at hand, favor '60s-type melodies and bouncy rhythms. But unlike the GoGos and the Bangles, Wednesday Week's music is moodier and sparer with mystery lurking behind seemingly innocent lyrics about broken relationships.

The band has Kristi Callan, lead vocal and guitar; Heidi Rodewald, vocal and bass and Kelly Callan (Kristi's sis) on drums.

The Callan sisters moved through Texas, Oklahoma and New York City's Lower East Side on their way to Los Angeles. At various times they had guitarists, all male, that didn't hang with the band. Finally the sisters hooked up with Heidi, a native Californian.

An L.A. Life, Daily News review of their EP "Betsy's House," said:

"Here is an all-new, delightfully enjoyable variation on an old rock war horse — the concept album. In place of the usually dopey cosmic imagery of other concept works, this local all-women trio has cap-

tured the mood and feeling of teenage anxiety on this five-song EP, and it is a thrilling success."

Tickets for the MSC Basement Committee sponsored concert are \$2.50 each.

## Awareness Week: information, not sermon

"We're there to talk about the responsible use of alcohol — not to preach, 'Don't drink!' or talk about the evils of alcohol."

That's what Jan Winniford, student affairs assistant director, has to say about the upcoming Alcohol and Drug Awareness Week, March 4 through March 6.

"The purpose of the programs is education and to let people know there is a place to go on this campus for information," she says.

Monday is devoted to drug awareness programs. From 11 a.m. to 2 p.m., resource tables will be set up in the hallway of the Memorial Student Center and from noon to 1 p.m., three speakers will be presented. A spokesman from the Bryan Po-

lice Department will explain the laws concerning drug abuse and discuss penalties and actions taken against anyone caught possessing illegal drugs. Greenleaf Hospital is sending someone to talk about their chemical dependence unit and the physiological and psychological effects of drugs. The other speaker will be from the Brazos Family Institute.

Also on Monday, from 11 a.m. to 1 p.m., a non-alcoholic beverage bar will be set up in the MSC lobby, where students can obtain samples, recipes and more information.

"This has been done here before and is very popular with the students," Winniford says.

On Tuesday, Dr. Wayne Wiley from the Department of Health and Physical Education

will have "alcohol simulated" video games in the MSC hallway. Winniford says these games enact the circumstances of an evening of drinking and test the players responses. The resource tables will be moved to the Blocker Building.

Wednesday is devoted to alcohol awareness programs. From 11 a.m. to 2 p.m., nine resource tables will be set up in the MSC hallway including three from beer distributors: Coors, Anheuser-Busch and Miller. From noon to 1 p.m., a speaker from the Texas Alcoholic Beverage Commission will discuss legal issues, such as DWI laws and the new legal drinking age, and someone from the Brazos Family Institute will outline how to identify problem drinkers.
