Local conference given for women

By LEIGH FORREST
 Reporter
 Area women will have the opportunity to discuss a potpourri of women's issues during a special conference in College Station Saturday.
 Dr. Carolyn Coker Ross, conference creator and a local physician, calls *Woman: Inside/Out* an opportunity for women to get together and talk about the issues important to them.
 Ross said the conference will provide a forum for women to speak about themselves and give them an opportunity to learn from other women, she said.
 Saturday's conference will address various issues, but later conferences will focus on only one issue, Ross said.
 She said the program was inspired by her *Naturally Fit* weight control program.
 "Naturally Fit includes exercise, diet advice, personal growth and development," Ross said.
 "The *Woman: Inside/Out* looks at the same things we're looking at in the *Naturally Fit* program," she said, "but it also looks at women who may not have a weight problem and who still want to get together with other women to explore issues that are important to them."
 The all-day conference includes local speakers and workshops and booths by various women-oriented businesses.
