

It's almost all for the parents

Proud parents use the weekend to fill the family photo album.

Parents' Weekend tradition continues

Parents' Weekend has been a Texas A&M tradition since 1911 when it was organized out of motherly concern for the well-being of A&M students.

The weekend, held this year April 12-14, has become an annual opportunity for parents to tour the campus, visit with their children and their children's friends, and take part in the activities students have planned for them.

This year students planned for their parents events such as Residence Hall Association Casino Night, Memorial Student Center Variety Show, the Singing Cadet concert, the Maroon and White football game and numerous awards ceremonies, receptions, barbecues, picnics and presentations.

Joseph and Pat Hlavinka were named Aggie Parents of the Year.

Parents and students spend time together while watching the intersquad football game.

A cadet whose mother is still living receives a red carnation on Parents' Weekend. If his mother has passed away, the cadet wears a white flower.

Parents visiting the campus inevitably stop to admire the Lawrence Sullivan Ross statue.

Company F-1 passes in review after the Corps of Cadets awards presentation at Kyle Field.

RHA Casino Night is a chance for parents and students to have a good time while raising money for the association.

Residents of Clements Hall host a barbecue for their parents.
