Baptist services to be televised internationally

Associated Press
 DALLAS — When the venerable W.A. Criswell preaches this Sunday, it won't be to just his usual audience at First Baptist Church, the nation's largest Baptist congregation.
 His message will also be beamed via shortwave to nearly every state in the nation and to Eastern and Western Europe.
 KCBI International will broadcast four hours a day, development coordinator Frank Chavez said.

Chavez said the station hopes to take advantage of the "international mystique" Dallas has because of the television program "Dallas." The station's programming will also include a country music program, a country gospel program, and news, Chavez said.

Foreign language students at the Criswell Center for Biblical Studies will do translations, Chavez said.

The Federal Communications Commission gave KCBI International, a non-profit station, permission to broadcast four hours a day to each of two "target" zones — one centered in the British Isles and the other in Brazil.

Chavez said Sunday's debut will be only to the European "zone." Broadcasts to zone centered in South America will begin at a later date, he said.

Compensation rates could see increase

Associated Press
 AUSTIN — Staff experts of the Texas Board of Insurance recommended Tuesday that workers' compensation insurance rates in Texas be increased by 27.5 percent for the next year.

The 27.5 percent hike would raise premiums paid by Texas employers by about \$500 million.

Industry spokesman said the rate increase should be 40.8 percent, which would increase premiums by \$730 million.

The three-member board indicated it would take the recommendations under consideration and make a decision later.

Increased operating expenses, more expensive insurance losses and the hot competition among Texas companies were common reasons given for the need for an increase.

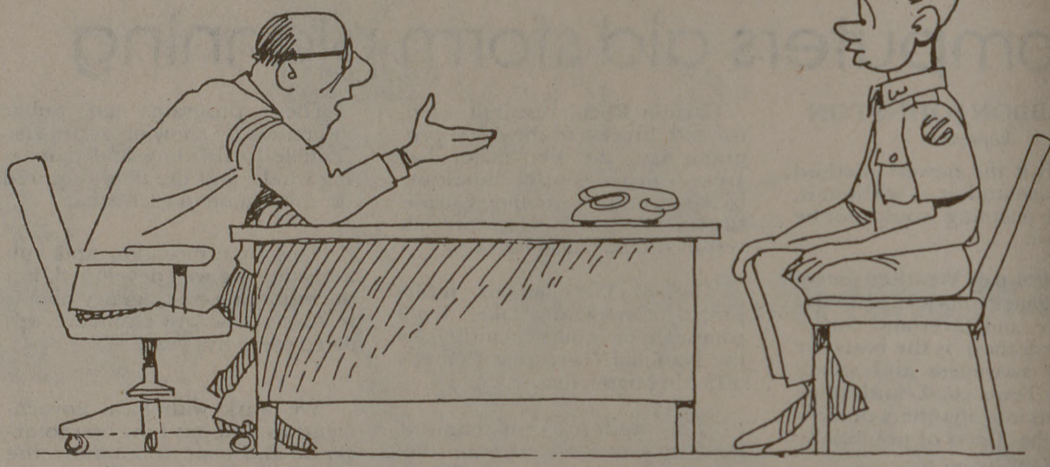

Edwin Budd, chairman of the Travelers Corp., told the board, "We are just coming out of the most difficult period in the history of the insurance industry. During this period, we did suffer painful losses in Texas. In the last three years, we had an operating loss of well over \$48 million in our casualty-property business. In 1984, we lost more than our entire payroll. . . . Recently, we have had to put severe restrictions on both new and renewal (workers compensation) business."

Government chastised for not getting MIAs

Associated Press
 TYLER — Ambivalent feelings lingered in the bare, muggy meeting room where about 200 people had gathered for a candlelight vigil to remember men still missing in Vietnam.

The Texas veterans cried and boasted as they remembered their past. But they also chastised their

"When you say, 'All of it,' do you truly mean that you want me to go back over the whole bloomin' course with you from day one?"

Pair allegedly robs 14 banks

Associated Press
 FORT WORTH — A federal judge has set Aug. 9 for sentencing a couple authorities call a modern-day "Bonnie and Clyde" who allegedly robbed 14 North Texas banks in as many years.

Lawrence Edward Byrom, 56, and his wife, Alice Elizabeth Marie Byrom, 37, entered pleas of no contest to some of the heists before U.S. District Judge David O. Belew Monday.

Byrom faces a maximum of 100 years in prison. His wife faces 50 years.

A no contest plea means the defendants did not admit guilt but are also not challenging the allegations. Assistant U.S. Attorney Michael Worley of Fort Worth said a guilty plea could be used later against them in state court.

Byrom pleaded no contest to robbing First State Bank of Milford, the

First National Bank of Rhome, the Fannin Bank of Windom and the Collinsville State Bank, and his wife pleaded no contest to the Fannin Bank and the Milford robberies. During these robberies, \$236,210 was taken.

In exchange for the pleas, the federal government agreed not to charge the two with any other bank robberies.

Republicbank A&M sponsors blood drive

The 4th Annual Republicbank A&M-Red Cross Blood Drive will be held on Thursday from 9 a.m. to 3 p.m. at the Republicbank A&M building. The Red Cross is in critical need of blood in July.

Science students must take exam

Any junior or senior in the College of Science who has not previously taken the English Proficiency Examination should plan to take the test August 6 unless they have completed English 301 with a minimum grade of C. Students in the College of Science are required to pass either English 301 or the test in order to qualify as a degree candidate. Students entering the College of Science under the College of Science under Catalog 107 or later must complete English 301 as required in their degree program.

The English Proficiency Exam will be administered by the English Department. Students in the Biology, Chemistry, Mathematics and Physics Departments should register for the exam in 152 Blocker before August 1.

Safety belt effectiveness demonstrated

The Safety Education Program is sponsoring a safety belt "Convincer" demonstration today at Rudder Fountain. The Convincer is a device that simulates an automobile crash with a human rider. The rider, safety belted to an automobile seat, glides down an inclined plane to a crashing stop. The crash occurs at 10 mph. The demonstrations will be provided between 10 a.m. and 2 p.m. In case of rain, the demonstrations will be rescheduled for Thursday.
