Froups aiding **1&M** profs with enure trouble

By MARYBETH ROHSNER

exas A&M professors who think ir civil rights have been abridged tenure matters have a system of ourse through two faculty-elected mittees — the Tenure Advisory mittee and the Committee on demic Freedom, Responsibility Tenure.

Both committees were formed in 9 to hear grievances from tened faculty who are dismissed and tenured faculty who are not ofed an appointment for the followacademic year.

Gary Hart, vice chairman for the mittee on Academic Freedom, sponsibility and Tenure, says his mmittee doesn't deal with faculty to are leaving the University for competence. Instead, the committees hear the complaints of faculty o feel they are being denied acanic freedom or are being disssed based on their race, creed,

Hart says the three-stage appeal cess begins with conferences beeen the professor and his depart-ent head and dean. If the profes-ris unsatisfied with the decision of department head and dean, he en appeals to the Tenure Advisory ommittee, a nine-member body attries to settle the complaint in an formal, relaxed atmosphere. The scussion is kept confidential at the

If, after discussing the matter, the firm, and advisory committee is unable to ossibly eve bring both parties to a satisfactory reement, the case is sent to the mmittee on Academic Freedom, sponsibility and Tenure. Hart nethods it says the hearing proceedings are very formal.

he kept procedure," Hart says. "But the facing lot multy member is being heard by a the presented of peers."

time the p. Hart says that in a situation in or night, which the hearing committee is used, the findings are considered by and the FA&M President Frank Vandiver and entually by the A&M Board of Reinside wor

Members of group to study higher education selected

AUSTIN - Gov. Mark White, Lt. Gov. Bill Hobby and Speaker Gib Lewis met privately Wednesday and selected the members of the special committee that will scrutinize higher education in Texas.

Dick Merkel, Lewis' press aide, said the 13 committee members picked by the state leaders will be announced after they are notified.

Also on the committee are Senate Education Committee Chairman Carl Parker, D-Port Arthur, House Higher Education Committee Chairman Wilhelmina Delco, D-Austin and the chairman of the state college coordinating board.

The 1985 Legislature authorized the panel to conduct a "comprehensive study of all issues . . . relating to higher education in Texas."

Soviets using press for propaganda, **CIA** director says

Associated Press

DALLAS - CIA Director William J. Casey Wednesday called the foreign press an "unwitting propaganda machine" used by the Soviets to manipulate U.S. policies.

Such manipulation, he said, is a "typical Soviet tactic" used in Nicaragua and, increasingly, in other

Speaking to about 300 people at a Dallas Council of World Affairs luncheon, Casey blamed accusations of CIA involvement in the assassination of former India Prime Minister Indira Gandhi on Soviet manipulations of the press.

Charges that a Korean Air Lines jet shot down by the Soviet Union was flying a spy mission for the United States were fed to Western newspapers and spread to other parts of the world by the Soviets, he

Casey, a World War II Office of Strategic Services officer and former chairman of the Securities and Exchange Commission, was appointed head of the CIA in 1980 after serving as President Reagan's campaign director. Casey said a broad range of groups used by the Soviets as "front groups" are also manipulation

Casey named the World Peace Council, the World Federation of Trade Unions and the World Fed-

eration of Democratic Youth as front groups for the Soviet Union. The World Federation of Democratic Lawyers, he said, is a Soviet

front group "responding to directions from Moscow."
"I'm not trying to whip up anti-Soviet hysteria . . . like President Reagan and all Americans, I hope to negotiate meaningful, verifiable arms control and disarmament,"

Casey said. He said the CIA has recovered from sluggish times in the 1970s when the agency lost 50 percent of its people and 40 percent of its

"That's all changed as a result of the strong presidential and con-gressional support," Casey said.

The Dallas speech was sponsored by the non-profit Dallas Council, which frequently brings world leaders here to speak to the group. Former Gov. Bill Clements attended

Exhibitionist continues to elude A&M police

By BRIAN PEARSON Staff Writer

Hensel Park on South College Avenue has been the regular stomping ground for a nude man who has been exposing himself to people and

eluding police for about six years.

Bob Wiatt, director of Security and Traffic, said that during this time he's been seen jogging, run-ning, walking and popping out of bushes in the park about 20 times

Wiatt calls the man an exhibi-

"An exhibitionist is not a danger

to anyone," Wiatt said. "His pleasure is in shocking his victim by exposing

The exact description of the man is unknown, but all the reports indicate he is a black male, about 5 feet 6 inches tall, from 145 to 155 pounds and always nude, Wiatt said.

He said Hensel Park, which is University property and is patrolled regularly by University Police, is the only place where the nude man has

This guy just steps out with a pair of shoes on and sometimes not even that," he said

One recent police report said a

nude black man wearing only "punk rock" sunglasses was seen in the Wiatt said the incidents probably

are caused by the same man because of the matching descriptions wit-

nesses, mostly women, give.
"A lot of the people that call are in a total state of shock," he said. "All they can tell us is that he came from

Mars because he looks so strange."
Wiatt said all attempts to snare the man have failed. Female officers wearing plain clothes, surveillances and park searches have been used to try to catch the man.

'We don't know where he goes

once he exposes himself to a female and runs back into the woods," he

Wiatt said by the time a witness calls the police and the police arrive, the nude man has had plenty of time

He said the pattern of incidents is so erratic that it makes it difficult for police to stake out the park and catch the man.

'Sometimes he'll come out one day and the next day he's back again," Wiatt said. "Then he may not come out for a month.
