Football players to speak at Sully's

Craig Stump, Shea Walker, Todd ward and several other Texas &M football players as yet unmed will be speaking about the mands and rewards of being a tball player at Wednesday's Sul-Symposium, says Stacey Allen of nbda Sigma, the organization ch arranges the weekly event.

Allen says first the players will talk a little about what it's like being a col-

lege football player.
They'll discuss the differences between college football and high school football, Allen says, as well as talking about how they balance the demands of playing football and the demands of school.

answer session for about 20 minutes after the players have finished talking, Allen says.

The symposium will begin at 11:50 a.m. Wednesday at the Lawrence Sullivan Ross statue in front of the Academic Building.

The Association of Former Students has awarded four faculty members in Texas A&M's College of Science and Two in the College of Veterinary Medicine teaching excellence awards.

of Veterinary Medicine teaching excellence awards.

Receiving the awards in science were: Dr. Robert B. Clark, associate professor of physics; Dr. Martin Newcomb, associate professor of chemistry; Dr. David W. Owens, associate professor of biology; and Dr. James H. Matis, professor of statistics.

Receipients of the teaching excellence award in veterinary medicine were Dr. Sandee Hartsfield, professor of anesthesiology in the small animal medicine and surgery department, and Dr. Ralph Storts, professor of veterinary pathology.

Dr. Norman Borlaug, Texas A&M scientist and winner of the 1970 Nobel Peace Prize, has been honored by the University of Minnesota by having a campus building named after him. Borlaug received his bachelor's of science degree in forestry from the University of Minnesota achelor's of science degree in forestry from the University of Minne-

Borlaug is known as the Father of the Green Revolution for his work in the development of high-yield grains and has received many national and international awards from academic, scientific, civic and vernmental institutions.

governmental institutions.

The engineering faculty of Texas A&M has been presented five awards for excellence by the Halliburton Foundation Inc. of Dallas. Receiving the awards were Drs. David Rhode, assistant professor of mechanical engineering; Jack Weitsman, professor of civil engineering; Jean-Louis Briaud, associate professor of civil engineering; James E. Russell, professor of mining engineering and geophysics; and Robert Wattenbarger, professor of petroleum engineering.

Dr. Rayford G. Anthony, professor of engineering, has been named to the E.D. Brockett Professorship in Engineering at Texas A&M. Anthony, chairman of the annual Instrumentation Symposium for the Process Industry sponsored each year by A&M, leads the Kinetics, Catalysis and Reaction Laboratory. Anthony earned his bachelor and master's degrees from A&M and his Ph.D. in chemical engineering

master's degrees from A&M and his Ph.D. in chemical engineering from the University of Texas.

Established in 1974 with an endowment from the Gulf Oil Foundation, the professorship honors Brockett, the retired chairman of the board and chief executive officer for the Gulf Oil Corp.

Dallas church collection plate overfloweth

Associated Press

DALLAS - A record \$1.85 million in cash was dumped into collection plates at the First Baptist Church of Dallas in response to an appeal for upkeep funds for the church's large downtown complex.

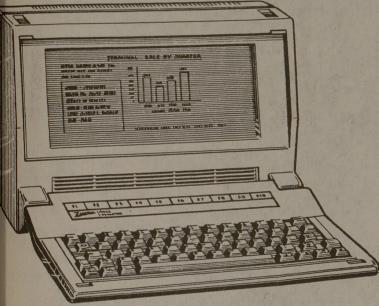

"I am on top of the world," said Dr. W.A. Criswell, whose flock re-cently gave him a new Mercedes-Benz sedan to celebrate his anniver-sary as the church's pastor. "I am so grateful, I am beside myself."

The contributions exceeded the \$1 million Criswell had asked for as "special offering" Sunday, the day he celebrated 41 years in the min-

"We have to pay the light bill and the janitorial bill and the upkeep of our properties and the salaries of our workers if we have any hope to have a church at all. Our hearts may be in heaven, but our feet are still on

It took church officials six hours to count the cash, the Dallas Morning News said.

Now Zenith gives you true portability!

Introducing the Portable Zenith Z-171 PC.

At last, portability and compatibility together with no compromise.

Now only

Suggested retail price: \$2699.00

Computer power that travels with you. That's what you get with the new Zenith Portable Z-171 PC—a surprising combination of extraordinary hardware muscle, user-features and helpful built-in applications. All within a compact, lightweight frame-work that folds up for easy carrying. So now you can have all the answers when and where you need them!

The Portable Z-171 PC is IBM PC-compatible and offers you up to 640K bytes of RAM. A full-size 25-line by 80-character LCD video display screen, back-lit for optimal readability.

A standard keyboard. Printer and modem ports. Monochrome and RGB Color Monitor ports. A dual built-in 5½" floppy disk drive, full-function calculator, monthly calendar, world map/clock, and appointment scheduler with programmable alarm and phone book communications feature. All weighing in at less than 17 pounds. And best of all, it's from Zenith—a name that has represented and region tradition of educated techniques. that has represented an American tradition of advanced technology, quality and dependability for over 65 years!

When Total Performance is the only option. For more information and a demonstration, visit
