construction will cost around \$8,000. Dean is looking for donations from A&M almumni, because the project is too large to be included in the council's budget, he says

The park is necessary, Dean says, because about half of the couples have children and there is no adequate playground facility for those children right now.

Since adults also need a recreation area, Dean says the council budgeted the funds to purchase soccer goals and set them up in one of the fields. The budget also provides for an

athletic office that checks out basketballs, footballs and other sports equipment to the residents, Dean

Camping equipment is one of the more popular items checked out, he

We have two canoes, eight tents, four Coleman lamps and other camping gear," Dean says. "They are pretty well checked out during the summer months.

Not only is Dean interested in extracurricular activities, he wants to make it easier for the students to get to class every day.

Dean is digging through the red tape in order to get a crosswalk across University Drive between the Zachry Engineering Center parking lot and the apartments.

'People literally dodge cars trying get across the street," Dean says. Because University Drive also is a

state highway, the state, the city and

A&M must approve the proposal. Another service available at the apartments is a garage, which has the tools necessary to work on car re-

Dean says the garage, equipped with a hydraulic lift, is used heavily.

Residents only need to buy a yearly pass for \$3.50 and get a key from the vice president of operations in order to work in the garage. Overseas Night exposes students

MSC Overseas Night gave stu-'S. 100 ents the opportunity to discover ow they can travel abroad and

learn about more than just academics Tuesday night. The evening, sponosored by the Study Abroad Office and the MSC Travel Committee, had participants from a variety Texas A&M colleges.

aware of opportunities for the sum-mer of 1986," said study abroad coordinator Mona Rizk-Finne. "It's a kind of sneak preview.

Dozens of programs are available to choose from.

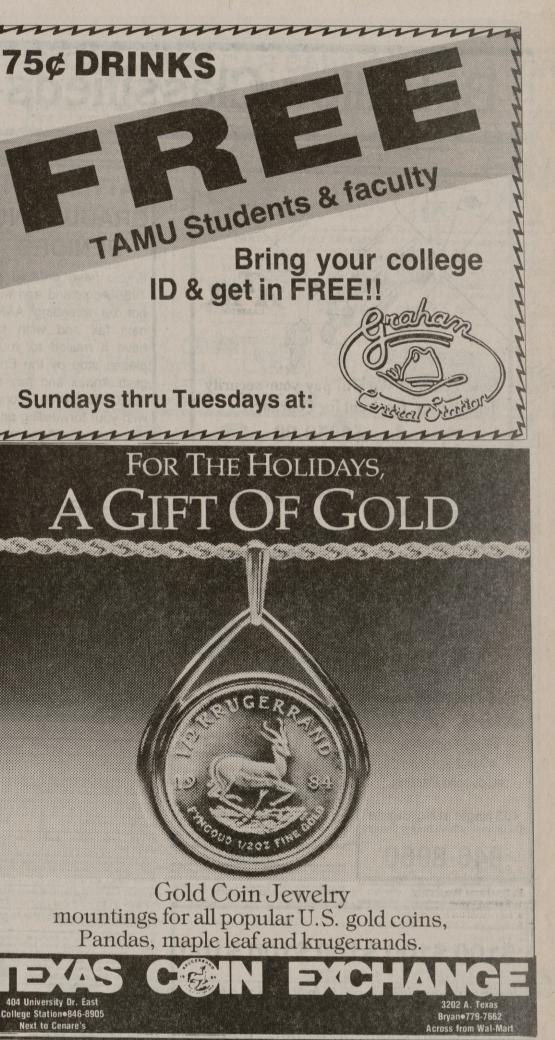

"The night is to make students

The MSC Travel Committee ponsors ski trips at Christmas and Spring Break, as well as trips in the spring and summer. Mardi Gras, New York City, Cancun, San Antonio and England are all on the com-

mittee's travel agenda. The College of Liberal Arts offers programs in England, Ireland, France, Germany, Switzerland, China, Japan, Spain and many others. Three to six credit hours can be earned in a variety of classes.

Course credit can also be earned in the College of Business through trips to the Orient, the Holy Land and Europe

The College of Education also offers a Great Britian trip. That program is the only one specifically for graduate students, but undergraduates can participate in a limited number of the courses. The College of Agriculture is sponsoring a $2\frac{1}{2}$ week trip to Latin America this Christmas. But travel has to be carefully planned and the time to sign up for the trips is now. "We're urging students to sign up now because we're needing to make commitments," Rizk-Finne said. Jody Hall, one of the Travel Committee's programs chairmen, sug-gested that the Christmas holiday period is a good time to broach the subject to parents. "Students can go home and talk to their parents and say no Christmas (presents), just save it all up for summer," Hall said. If funding seems to be an obstacle, a variety of resouces are avail-able for getting loans. The Travel Committee gives a limited number of loans through its Overseas Loan Fund and the Student Financial Aid Office on the second floor of the Pavillion offers several types of loans. Also, the Study Abroad Office has loan and scholarship information.
