What's in an earring?

EDITOR:
 This letter is in regard to why males wear an earring. We have a few questions we would like to have answered. By no means is this letter intended to be sarcastic!
 First of all, what possesses one to get an earring? Secondly, what would your parents think about it? Finally, do girls think that a guy wearing an earring is sexy?

We feel confident that we are not the only students that would like to know answers to these questions. Therefore, we would appreciate any and all response to this letter.
