Hance: 13% cut should begin in White's office

By **MONA L. PALMER**
 Staff Writer

Texas gubernatorial candidate Kent Hance said Monday he agreed with Governor Mark White's recommended 13 percent budget cut for state agencies but he would reduce the budget in the governor's office first.

"You can't show leadership unless you're willing to do more or as much as the people you're asking," he said.

"If you're going to go to agencies and ask for cuts," Hance said, "you don't have standing if you just bought a \$3 million jet airplane for the governor's office."

First, Hance said, he would cut the governor's staff, then he would ask all governmental agencies to prioritize their programs.

"Then I would line-item veto the

bottom priorities," he said. "If it takes 17 or 13 percent to make sure we don't have new taxes then we have to do that."

A line-item veto allows the executive to veto portions of legislation.

Hance said higher education suffered the most from White's spending.

Hance said his Republican opponents, Bill Clements and Tom Loeffler, have criticized White's budget cuts without offering any solutions.

"Yeah, he (Clements) has got a secret plan to cut the budget," Hance said. "It's a little difficult to be a good candidate and have a secret plan."

Hance seeks support for election ad costs

Associated Press

AUSTIN — Although Republican gubernatorial candidate Kent Hance has asked supporters for \$100,000 "immediately" to buy television ad time, his campaign manager said Tuesday that Hance's finances are fine.

Byron Nelson, Hance's campaign manager, said, "Our campaign fund-raising is right on course."

Nelson said that the letter seeking \$100,000 is one of several direct-mail requests for contributions.

In the recent letter, Hance told backers, "If I can't raise \$100,000 in the next two weeks, I will lose critical time slots on television in the month

of April leading up to primary election day."

Nelson declined to say when the letter was mailed. But he said direct-mail experts told the campaign that letters which specify a purpose for which money is being raised generally are more effective.

"This is just simply an effort to show people where their money would be spent," Nelson said. "Fund-raising people tell us that if people see where their money would be spent they're more willing to give."

One page of Hance's letter was stamped "confidential" and said Hance must raise just over \$1 million to produce and broadcast three

Man murders girlfriend, self in White Settlement spree

Associated Press

WHITE SETTLEMENT — A 30-year-old man raped his girlfriend's sister, then fatally shot the girlfriend and himself in a rampage at their home, police said.

Police Lt. L.W. Terry said officers in this western Tarrant County town of 15,000 were called at 11 a.m. Monday to the residence by a

woman who said she had been tied up and raped by her sister's boyfriend.

The woman, 25, met officers outside the home with her hands still bound with an electric cord, Terry said.

Inside the home, officers kicked down a bedroom door and found the woman's sister and her sister's boyfriend partially clothed on a mat-

In Advance CS Council to meet at 5 p.m.

By **CRAIG RENFRO**
 Staff Writer

The College Station City Council will meet in a workshop session today at 5 p.m. to discuss the location of the College Station branch library. Library operations are currently budgeted at \$194,000.

The Library Committee has recommended the city lease a temporary site and purchase the necessary furnishings so it can open the library as soon as possible.

The College Station Community Center and Bee Creek Park have been mentioned as possible temporary sites. However, the city hopes to develop a long-range plan, which includes a permanent library building.

In other action, the council will

discuss the city's hotel fund.

Currently the city collects for the fund at the rate of 1 percent. This rate is effective June 30, at which time it is reduced to 5 percent. The council enacts an ordinance venting the change.

The 1985-86 hotel fund has budgeted \$211,500.

The council also will pass a resolution to participate in the anti-crime package presented by the Criminal Justice Task Force.

The Task Force, which initiated to look at the overall picture in the state of Texas, is finalizing preparation of a comprehensive anti-crime package to be presented to the 70th session of the Texas Legislature in January.

"42nd Street" to hit Highway

By **Mary McWhorter**
 Staff Writer

David Merrick's Tony Award-winning musical "42nd Street" is coming to Rudder Auditorium Thursday at 8 p.m. Tickets are still available.

The Broadway musical-comedy is based on the old Busby Berkeley movie, which resurrects the basic backstage legend where the chorus girl goes on for the star and becomes a bigger hit than the star was. The show features Elizabeth Allen, Gary Marshal, Cathy Wydner, Jim Walton and Bibi Osterwald.

"42nd Street" opened five

years ago in New York City. The show's producer, Merrick, is one of only five producers who has been inducted into the Theater Hall of Fame and is only one who is still active.

The Broadway show is the largest on tour and a caravan of six 45-foot-long trailers, carrying 100 scenery, a complete fabric complete beauty salon, a machine and driver, over pieces of wardrobe, 150 lighting instruments and light bulbs.

television commercials to run between March 30 and May 3.

The most recent campaign finance reports, filed with the secretary of state on Jan. 15, showed Hance raising \$1.5 million. But \$900,000 of that was borrowed. The next reports are due on April 3.

Referring to the Jan. 15 report,

Nelson said the Hance campaign started the year with \$1 million on hand.

"I think there has been some of our opposition to this (letter) as desperate. It's not at all. We've got direct mail pieces out."

The Right Turn. It's not always possible to know which path leads to a better future. That's why TRW's Electronics and Defense Sector offers you the freedom to move among a wide variety of opportunities in microelectronics, high energy lasers, large software systems, communications, and scientific spacecraft. At TRW, your first choice can multiply into many choices.

Who knows where your career can take you? We can only promise you'll be challenged to explore tomorrow's technology.

Whichever way you turn. Tomorrow is taking shape at a company called TRW.
