

The New Macintosh Plus Never Runs Short On Power.

Introducing Macintosh™ Plus, the faster more powerful business computer from Apple. Macintosh Plus offers several new features to provide the kind of performance business demands.

Features like a new keyboard, complete with numeric keypad; improved system speed that operates twice as fast; and a standard 1-megabyte memory—expandable up to 4-megabytes.

And, with the new Apple® Hard Disk 20, you can store up to 20-megabytes of information and retrieve it up to three times quicker. That's important for fast performance of large-scale spreadsheets, longer documents, and massive databases.

Designers Have More Flexibility With Our New Macintosh Plus!

If you are responsible for designing comprehensive layouts for your company, then our Macintosh™ Plus Designers package is for you.

The core of the system is Macintosh Plus—the faster, more powerful business computer from Apple. Add the sophisticated graphics package and you can create illustrations, graphs and text—easily and freely. And, for organizing, altering and pasting-up your creations, there is a powerful page composition program that's an ideal time-saver for design work.

What's more you can store and retrieve your designs three times faster with Apple's new Hard Disk 20. Then print them in near-typeset quality with Apple's new LaserWriter™ Plus printer.

How to get an IBM PC

Call collect and appeal to:

- your parents
- a rich uncle
- a finance company

Tell them you're...

- failing
- broke
- depressed

Suggest that they...

- send money
- take out a loan
- rent out your room

Promise them you will...

- pay later
- work it off
- marry rich

An IBM PC. It's worth the effort.

MID-TERM CRISIS?

Workload too much to handle alone? No free time? Share the load with a super PC. It's faster than a speeding slide rule, more powerful than a pocket calculator and loves to tackle large obstacles.

It's affordable!
It's easy to use!
It's IBM!

AVAILABLE

Friendly roommate. Quiet—and smart. Able to sort through complicated issues. Will share workload. Problem solving is my specialty. Supportive and dependable. Flexible. Clever. Fun. Good looking.
