Khadafy hostile toward 'imperialism'

(continued from page 1)

international theory" - a merger of Islamic fundamentalism and socialist principles with respect

for private property.

The bible of Khadafy's philosophy is his "Green Book," a collection of his political ideas. The book is required reading in Libyan schools, and newscasts on Libyan Radio begin with recitations of passages, read in sonorous tones remi-niscent of Koranic recitations.

Khadafy calls his theory "an alternative to capitalist materialism and communist atheism," and with the Green Book as his guide, he set about to reorganize Libyan politics along lines unique in

breastbone.

He said that the student's fa-

gress, in 1977 abolished most state institutions and changed the official name of the country to conform to Khadafy doctrine

The cabinet was replaced by a General Peoples' Committee, with members designated as secretaries in charge of what had been ministries. Peoples' committees were established throughout the country, supposedly to enable the public to take a greater role in the running of the country.

Establishment of the committees also allowed Khadafy to dismiss local officials opposed to his ideas. In line with the doctrine of "popular control," Khadafy urged Libyans outside the country to take over the country's embassies and replace them with "peoples' bureaus.

Khadafy's efforts to export his ideas throughout the Arab world have been less successful. His call for 40,000 Libyans to march into Egypt to demand union in 1973 ended with Egyptian troops turning back the marchers 200 miles west of

The two neighboring countries fought a brief border war in 1977 which ended after Egyptian troops overran an oasis a few miles inside Libya.

Libyan-backed factions in Lebanon and the PLO have failed to win broad support. The Sudanese military government which overthrew Ni-meiri last April has made overtures to Libya, but pro-Libyan political groups within the country are believed to have little popular following and have split over internal disputes.

Honduras gets aid from U.S.
