# 4 Ags to compete at NCAAs

By Ken Sury  
Assistant Sports Editor

The nation will get a glimpse at the changing of the guard of Texas A&M butterfly swimmers at the NCAA Men's Swimming Championships today through Saturday.

And it won't be a bad tradeoff. A&M's three-time NCAA All-American, Chris O'Neil, will be gunning for a first-place finish in the 100-yard butterfly competition at the three-day meet in Indianapolis.

But the senior from Huntsville, Ala., will not be the only Aggie in the 100-yard butterfly as freshman standout Mike Kozlina, of Pittsburgh, also qualified for the NCAA meet with a 49.06-second performance at the Southwest Conference Men's Swimming Championships two weeks ago.

O'Neil has won the 100-yard butterfly event at the SWC men's championships the last two years and finished second in the event at the NCAAs last year.

Kozlina, although the heir apparent to O'Neil's spot as top Aggie butterflyer, probably won't best O'Neil at the NCAAs. O'Neil's best time in the 100-yard butterfly is a full 1 1/2 seconds faster than Kozlina's.

A&M Coach Mel Nash said the 100-yard butterfly event will probably be a two-man race between O'Neil and Stanford's Pablo Morales, who have the nation's two fastest times.

Morales, a silver medalist at the '84 Los Angeles Olympics in the 100-meter butterfly, owns the current top time with a swim of 47.48 seconds. O'Neil's best time this year is 47.59, which he set at the SWC meet.

A&M Assistant Coach Tracy Johnston said both those marks were made without their bodies shaved for speed, while the next fastest time is 48.02 by a shaved swimmer. So Morales and O'Neil, who are seeded first and second in the NCAA championships, should be the swimmers to watch in the event.

"But you never can tell," Johnston said. "It's the NCAA championships and anybody could rise up and do well. Anything can happen."

Kozlina is seeded 31st in the 32-swimmer field, but Johnston said with scratches and the preliminaries he should move up to a higher seed.

Johnston added that O'Neil may have an advantage over Morales in that Morales is swimming more events and may be slightly tired entering Friday's 100-yard butterfly competition.

But O'Neil and Kozlina won't be allowed to rest solely for Friday's 100-yard butterfly event.

Today, the two make up half of the Aggies' No. 21-seeded 400-yard medley relay team, which swims in the preliminaries at noon. Joining O'Neil and Kozlina are sophomore Robert Bullock and freshman Eddie Altman.

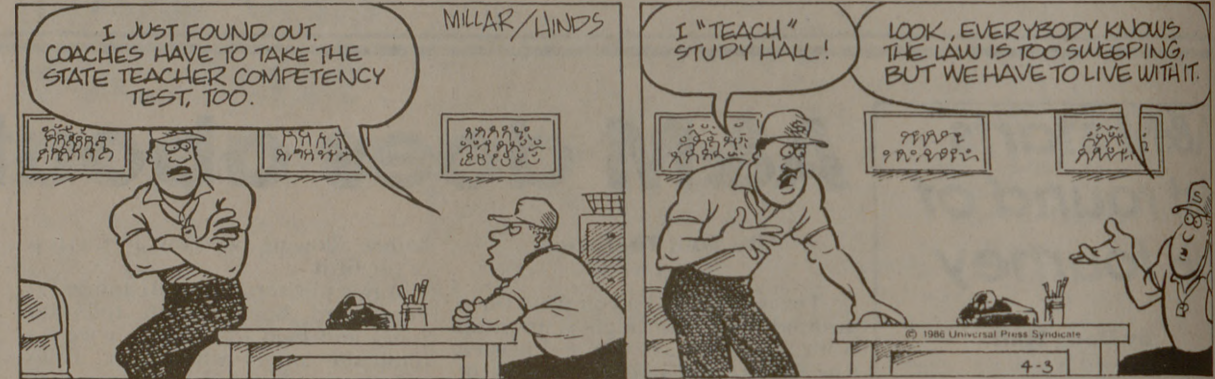

While O'Neil will handle the butterfly chores, Kozlina will swim the backstroke leg of the medley relay race. He also qualified for the 100-yard backstroke competition with a time of 50.80 seconds — an A&M record he set at the SWC meet.

Bullock, a sophomore from Cincinnati, will swim the breaststroke portion of the race, while Altman, a freshman from San Antonio Marshall High School, will anchor the team, swimming the freestyle leg.

Finals for the relay events will be held tonight.

# A&M in need of runs to balance defense

Search for hitting continues against Baylor

By Charean Williams  
Assistant Sports Editor

Since Texas A&M has only given up two earned runs, you would expect to see some goose eggs in the team pitching records.

But even though Aggie ace Shawn Andaya and freshman Julie Carpenter have done just that, they have seven losses between them.

So what does that say about the No. 3 Aggies, 20-7?

"That tells you we haven't been getting the offense we need," A&M Coach Bob Brock said. "Our pitching and defense has been strong. We have those seven losses just because we didn't score any runs."

"Shawn gets into a tie breaker with Florida State, (last weekend in the Houston Classic), is pitching a perfect game and we lose. We have runners on every inning. We just can't seem to score them."

The past three days may have provided the juice the Aggie fans needed.

For the first time in two weeks, A&M isn't on the road. The Ag took Monday off and have worked on hitting Tuesday and Wednesday.

"We needed some time off (from playing)," Brock said. "We've been working on hitting techniques that will hopefully get us straightened out."

A&M will find out if it's on the right track today at 4:30 p.m. when it hosts Baylor in a double-header at the A&M Field.

A&M stomped the Bears 7-0 in the Baylor Invitational a month ago. In that game, Carpenter tossed the first no-hitter of her career.

"Julie and Shawn have been pitching well enough not to lose," Brock said. "I think you could say we have one of the best duos in the country."

Andaya, 11-4, will pitch the first game and Carpenter, 9-3, will try to duplicate her first performance against Baylor in the nightcap.

"They're a scrappy team," Carpenter said. "We have to play at our level. I can't go in thinking it will be easy just because I pitched a no-hitter the first time. This will be another game."

Brock, who had experimented with different batting orders to try and get some offense, will return to his old batting order with the key moves being Zina Ochoa leading off and Liz Mizera hitting cleanup.

Mizera has again been the Aggies' biggest threat with a bat.

Her 18 homers led the nation last season, and this season the sophomore has put six out of the park and is A&M's leading hitter at .309.

"Liz has gotten into her home run swing," Brock said.
