The exam will be administered by the English department Tuesday. Please see Marilyn Radke in 151 Blocker for details and questions. Advance registration is required.

Items for What's Up should be submitted to The Battalion, 216 Reed McDonald, no less than three days prior to desired publication date.

## Financing arranged for new state prison

PALESTINE (AP) — Certificates of participation for \$78.2 million to finance a new state prison unit have been placed at a better interest rate than a bond sale aborted earlier this month, an Anderson County commissioner said.

The final transaction to exchange the certificates for cash was delayed on Wednesday, but was wrapped up about midday Thursday, said County Commissioner T.L. Beard, who headed a non-profit corporation that issued the certificates.

A tax exempt bond issue to fund construction was canceled June 5 when Attorney General Jim Mattox announced he could not legally endorse the sale under an act intended to finance health facilities.

Beard and Truman Starr, a county commissioner and secretary-treasurer of the corporation, signed final papers for the transaction Wednesday in Austin.

Marketed the same as bonds, the certificates give the investor an interest in the prison system's obligation to pay a lease-purchase contract to build and occupy the prison, investment attorney Jim Allison said.

Allison, representing the Dallas firm of Rauscher Pierce Refsnes, Inc. said last week that the drawback of using certificates was that a less favorable rate than the June 5 sale was expected.

Sale of the bonds on June 5 had already been negotiated at a rate of 4.5 percent, a rate that officials involved in the project said ranged nearly 2 percent better than expected.

The lease-purchase contract gives the state the option of paying the contract off in full if money is allocated by the next session of the Texas Legislature, Allison said.

## Daughter of singer killed in crash; youth charged

SAN MARCOS (AP) — An 18-year-old youth was arraigned Thursday on a charge of criminally negligent homicide following a one-car crash that killed the daughter of country and western singer George Strait.

Jenifer Strait, 13, died Wednesday night when the auto carrying four teen-agers overturned near her family's home, authorities said.

Justice of the Peace Macel Sullivan said the driver, George Wilson Allen of Staples, Texas, was arraigned before her on the Class A misdemeanor charge and released on a \$2,000 personal recognizance bond.

Allen is scheduled to appear be-

fore County Judge H. Howard Warner on July 24, she said.

Authorities said Jenifer, an eighth-grade student in San Marcos public schools, was killed when the auto in which she was riding rolled over while attempting a left turn.

Strait, who lives in the city about 30 miles south of Austin, went to the accident site after being notified of the crash, a family friend said.

Department of Public Safety spokesman Mike Cox said the driver wasn't injured in the accident.

Two other passengers — William Allen McDonald, 16, and Joseph Wiley Robbins, 17, both of San Marcos — were treated at a local hospital for minor injuries, Cox said.

## TECAT II

25,000 prepare for 2nd round of teacher competency testing

AUSTIN (AP) — As many as 25,000 teachers and school administrators are scheduled to take the second state competency test Saturday, with 6,579 of them needing to pass to keep their jobs.

A total of just over 202,000 teachers and administrators took the first exam in March. Nearly 97 percent passed.

The 6,579 who failed it are required to pass the second test or they will not be allowed to teach in the next school year, said Terri Anderson, spokeswoman for the Texas Education Agency.

"They have to pass this time to teach in the '86-87 school year," Anderson said. "If they fail, they don't

lose their certificates, but they can't teach until they pass the test. They can take the test any time in the future."

The test of basic skills, officially known as the Texas Examination of Current Administrators and Teachers, was required by the sweeping 1984 school reform law.

The TECAT stirred considerable protest from teacher groups, notably the Texas State Teachers Association, which has gone to court to overturn the exam.

The Texas Supreme Court heard arguments on June 18 on a Starr County lawsuit that challenged the test on behalf of 350 South Texas teachers and administrators.

## Insurance cost causes shutdown of coaster

DALLAS (AP) — The State Fair of Texas is shutting down its historic roller coaster ride because of prohibitive liability insurance costs, officials said Thursday.

Two other rides are being sublet to other operators for the same reason, said Bob Halford, assistant general manager for marketing.

"We're going to close the Comet coaster, which is a wooden coaster that's been in operation here for 40 years," Halford said. "The carousel has been sublet to another operator for years. The log flume ride will be in operation. We will sublet it. We don't know who to yet, but it will be in operation when we open in September."

Halford said insurance coverage

for the fair has gone from \$114,000 for \$50 million in 1984 to about \$1 million for \$12 million in coverage this year.

He said the fair would like to keep the roller coaster but the board of directors did not feel comfortable subletting it to another operator unfamiliar with the machinery. A private operator would pay for his own insurance.

Halford said he did not believe the shutdown of The Comet would hurt fair attendance.

Halford said the coaster could return if the insurance situation turned around.

Since 1979, two major accidents have occurred at the State Fair, resulting in millions of dollars in court settlements.
