PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 4, 1986

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 15 proposes a constitutional amendment that would permit the legislature to provide by general law for the apportionment of the value of railroad rolling stock among the counties in which the property of the railroad is located for purposes of property taxation, and would delete the requirement that the Comptroller participate in making the allocation. To comply with both statutory and constitutional law, the apportionment currently is being made by the State Property Tax Board in conjunction with the Comptroller.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to provide by general law for the apportionment of the value of railroad rolling stock among counties for purposes of property taxation."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 33 proposes a constitutional amendment that would replace the constitutional requirement that the subject of a bill be expressed in its title with a mandate that each house of the legislature adopt rules of procedure that would require the subject of each bill to be expressed in its title in a manner that gives the legislature and the public reasonable notice of that subject. Determining compliance with the rule would be the responsibility of the legislature. Cur-

rently, a law is invalidated if a court finds its caption is defective. The amendment would provide that past and future enactments may not be held void on the basis of an insufficient title.

The amendment also would eliminate the suggestion that the state's laws be revised every ten years, and instead would provide for continuing revision of state laws.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment requiring each house to include in its rules of procedure a rule that each bill contain a title expressing the bill's subject, and providing for the continuing revision of state laws."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that would permit the Legislature to authorize any county, city, town, or other political subdivision to use public funds or credit to pay insurance premiums on nonassessable life, health, or accident policies. Due to the prohibition in the constitution against the lending of credit and granting of public money, political subdivisions currently are prohibited from becoming shareholders in associations such as mutual-insurance companies, in which policyholders are shareholders. A nonassessable mutual insurance policy does not allow a company to raise capital by assessing the policyholder an extra amount on a pre-

mium. This amendment will allow mutual insurance companies and stock companies to bid for life and health group policies of political subdivisions. Public liability will be limited to the payment of premiums specified in the contract.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing political subdivisions the opportunity to engage in and transact business with authorized mutual insurance companies in the same manner as with other insurance companies."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would repeal the prohibition against branch banking by state banks and would allow state banks and national banks domiciled in this state to establish and operate banking facilities at locations within the county or city where they are domiciled. The amendment would also authorize the Legislature to permit a state bank or a national bank domiciled in this state to engage in business at more than one place if it acquires a failed state bank or national bank domiciled in this state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide that a bank may offer full service banking at more than one location within the city or county where its principal facility is located, subject to limitations and restrictions provided by law."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 4 de noviembre de 1986. Memphis State silent about coach's firing

MEMPHIS, Tenn. (AP) — Dana Kirk, who coached nationally ranked Memphis State into the NCAA basketball tournament the last five seasons, was fired by the university on Wednesday.

School President Thomas Carpenter said assistant basketball coach Larry Finch would be interim head coach until a replacement can be found for Kirk, who led the Tigers to the Final Four in the 1984-85 season.

Carpenter, in a written statement, gave no reason for Kirk's firing other than to say the school decided "to change the leadership of the men's basketball program."

"That's really all I can say on the advice of counsel," said Carpenter when reached by telephone at his home.

He said the university would buy out the rest of Kirk's contract for about \$159,000.

Kirk was not in his office at the university and could not be reached for comment. School officials said they did not know where he was, and his telephone number is not listed.

In seven years at Memphis State, Kirk, 51, had a record of 158-58. After 13-14 records in each of his first two seasons, Memphis State posted marks of 24-5, 23-8, 26-7, 31-4 and, last year, 28-6.

A native of Logan, W.Va., Kirk came to Memphis State after three seasons at Virginia Commonwealth University, five years as an assistant coach at Louisville and five years as head coach at Tampa.

Mike Finn, a spokesman for the school's athletic department, said he didn't know the reason for the school's decision.

"Basically, they just said they wanted a change in leadership," Finn said.

Bob Winn, the school's sports information director, declined to speculate on the reason for Kirk's firing.

The past few years have provided the Memphis State basketball program with national attention, but also have marked some troubled times for Kirk.

Kirk has acknowledged his personal finances were under review by a federal grand jury, but denied any wrongdoing.

Kirk was called before a grand jury last September, about six months after the panel began investigating sports betting in the Memphis area.

Kosar's development restructures offense

CLEVELAND (AP) — The development of Bernie Kosar from a promising quarterback into a productive player has made the Cleveland Browns' offense much more complicated, Cincinnati Bengals' Coach Sam Wyche says.

"The fact that they are able to produce in the air as well as on the ground is a problem," said Wyche, whose Bengals face the Browns Thursday night in a nationally televised NFL game.

"Last year, if you stopped the run, you probably stopped their offense," Wyche said. "But if you've got the threat of the pass that's equal with

the threat of the run, you develop your options."

As an NFL rookie last year, Kosar displayed a strong arm but a frequent inability to maneuver enough to find open receivers.

New offensive coordinator Lou Infante, a former Bengals assistant, is trying to diversify the Cleveland attack.

"Bernie's been around long enough now to figure things out," Wyche, a former quarterback, said.

"He's holding his concentration downfield much longer. He doesn't scramble, but he's moving within the pocket."
