**Senator has heart attack following A&M game**

AUSTIN (AP) — State Sen. Carlos Truan remained in satisfactory condition Monday at Bryan's St. Joseph Hospital following a mild heart attack suffered Saturday night following the Texas A&M-Baylor football game, his office said.

In a statement, Truan's office quoted his wife as saying the Corpus Christi lawmaker is "doing very well."

Mrs. Truan said, "He is doing some light reading and is in good spirits."

"He will stay at the hospital for the remainder of the week catching up on some much-needed rest following the strenuous special sessions."

**Judge drops charges against 2 in Bias case**

UPPER MARLBORO, Md. (AP) — A Prince George's County circuit judge Monday dismissed charges against two men and scheduled trial for a third in connection with the cocaine-induced death of University of Maryland basketball star Len Bias.

Judge James Rea, at the request of state attorney Arthur Marshall, dismissed possession of cocaine and obstruction of justice charges against David Gregg and Terry Long, who were with Bias when he died of cocaine intoxication June 19.

But the judge refused to dismiss the case against Brian Lee Tribble, who also was with Bias the morning he collapsed in a college dormitory room. The judge set Nov. 17 as the trial date for Tribble.

Tribble is accused of supplying Bias with the cocaine that killed him and is charged with possession of cocaine, possession with intent to distribute cocaine, distribution of cocaine and possession of PCP.

After the charges against Long and Gregg were dropped, Tribble's attorney, Thomas Morrow, asked for dismissal of charges against his client because of "unfair, prejudicial publicity" generated by Marshall, who Morrow claimed almost daily talked to reporters about the grand jury proceedings.

Rea denied the motion, saying, "Even if there was some judicial prosecutorial abuse, it is not enough to reach a level that an indictment should be dropped."

Long and Gregg are expected to testify in Tribble's trial, but both Marshall and their lawyer, Alan Goldstein, denied that charges were dropped against them as part of a plea bargain.

After the hearing, Goldstein said there had been "no agreement," even though he and his clients had a long discussion with Marshall last Thursday, just hours before the players broke months of silence and testified before the grand jury.

Tribble, Gregg and Long were with Bias when the top draft choice of the NBA's Boston Celtics collapsed after ingesting an unusually pure form of cocaine. Tribble called for an ambulance from the dormitory room about 6:30 that morning.

**UIL: Girls can play junior high football**

AUSTIN (AP) — The Legislative Council of the University Interscholastic League voted 12-6 Monday to allow girls to play junior high school football in Texas.

The council's emergency amendment to UIL rules would be effective immediately but must be approved by the State Board of Education.

The board meets next on Nov. 8 but spokeswoman Terri Anderson said the proposal would not come up before the board's January meeting, after football season is over.

The UIL Policy Committee recommended the rules change to the 20-member council Monday, and the only comments were brief remarks by UIL Director Bailey Marshall.

The rule would make 7th and 8th grade girls eligible to play football level as regards to medical clearance," he said.

"I realize there are practical problems. However, considering all factors — safety, cost, inconvenience and legal considerations — I recommend we delete that section and would allow only boys to play junior high football.

The council's action was prompted by a recent lawsuit challenging the 38-year-old UIL rule that has banned girls from playing football.

The suit was filed by the Texas Civil Liberties Union and the parents of Tina Trejo, an 8th grader who tried out for her Bedford Junior High football team this year. Trejo, who weighs 162 pounds, made the team and has been playing under a judge's restraining order against the UIL.

**Basketball coaches can stand**

AUSTIN (AP) — The Legislative Council of the University Interscholastic League voted Monday to allow high school basketball coaches to stand in front of the team's bench to instruct players.

UIL Athletic Director Bill Farney said, "This is not a great deal different than what officials are allowing coaches to do now."

Nevertheless, the recommendation would not affect participation in high school football.

Marshall said two years ago when the council considered the question, the medical evidence strongly indicated there were physical differences great enough to prohibit girls from playing junior high school football.

"Now then, since that time there has been some change at that age
