Adopt-A-Beach Program stirs up college contest for spring break

By Susan Stubing Reporter

beaches beautiful, government officials, citizens and college students during that time. have joined forces to combat pollut-ion along the Texas shoreline. Texas A&M will participate in the first beach cleanup of its kind during envine breach spring break.

The beautifying effort first was introduced by the Center for Envi-ronmental Education, which sponsored a statewide beach cleanup in September 1986. The results were encouraging, says Mike Connolly, director of public information for the General Land Office, with 124 tons of garbage collected by over tons of garbage collected by over 2,700 volunteers.

Connolly says Texas Land Com-missioner Garry Mauro gained an awareness of the enormity of the polluted beach problem through his participation in the September effort. This awareness prompted Mauro to establish the Texas Adopt-A-Beach Program, which he hoped would attract public concern for the problem, Connolly says

"He (Mauro) wanted to institutionalize a standard for people to get involved in beach cleanups," he says.

The program — officially estab-lished in October 1986 — is similar to the successful Texas Adopt-A-Highway Program and operates on Connolly says. Civic organizations, the break

cities, corporations, and individuals are asked to adopt about one mile of In an effort to keep Texas the Texas coast a year and to sponsor at least three beach cleanups

> The first of these cleanups will be sponsored on March 20 by the Texas tion of the beach to clean, Com General Land Office in coordination says, and trash bags will be pro with the Texas State Student Association and the Texas College Student Newspaper. The event will be during the spring break of major Texas colleges and universities, since so many students head for the Texas that day, Connolly says. coast for their vacation, Connolly says. The event will be along the cleanup) put together, I do South Padre Island and Port Aran- why we can't win," says Mike sas shores. Schools tentatively competing in the cleanup also include the University of Texas, Southern Methodist University and the University of Houston.

"Students always draw attention to themselves anyway," Connolly

He says Mauro, an former A&M student and former yell leader, wanted to get students involved in a worthwhile project that would re-flect positively on the students.

'We can make students a part of the garbage solution instead of the problem," Connolly says.

Mauro and Connolly will be visiting each participating school before the break to promote and explain

A competition among partic ing universities and colleges is sd uled to determine which group students can collect the most bage in the three-hour time lim

at a central collection area will be calculated, and the Port ansas results reported to the 8 Padre Island main headquar The winner will be announced

"If we can get the details president of the A&M studen and spokesman for the TSSA. gies always do well in a con environment — especially competition is t.u."

Although Connolly believes "virtue is its own reward," the that best demonstrates the Mess with Texas Beaches" may receive a free concert haven't worked out the details reward yet," Connolly says,"
