Items for What's Up should be submitted to The Battalion, 216 Reed McDonald, no fewer than three working days prior to desired publication date.

State officials: White House needs cleaning

WASHINGTON (AP) — Texas Democrats and Republicans agreed that a thorough house cleaning is needed at the White House in light of Thursday's stinging report by the Tower commission about the Reagan administration's Iran-Contra initiative.

The Tower commission, headed by former Sen. John Tower of Texas, suggested that the president's men tried to cover up the full story once the arms-to-Iran deal began unraveling. However, the commission said it did not believe President Reagan himself intended to cover up unlawful conduct.

While there was bipartisan support in the Texas delegation for the ouster of Chief of Staff Don Regan and a reorganization of the White House top staff, Democrats said much more must be told about the affair and the president's role.

Rep. Jack Brooks, D-Beaumont, a member of the House select committee probing the affair, said, "The report that the Tower commission presented today confirms that in the Reagan administration the National Security Council has become a virtual shadow government working out of the basement of the White House."

"While the issues of how the NSC was run in the Reagan administration — and how it went wrong — are important aspects of the investigation into that scandal, it should be kept in mind that much more investigative work remains to be done." Rep. Mike Andrews of Houston described the report as a "devastating blow to the president" and predicted a feeble presidency unless Reagan admits his mistakes and becomes much more assertive in foreign policy decision-making.

Sen. Phil Gramm, a Republican and close ally of the president, said the Tower report provides the opportunity for Reagan to show the American public that he can learn from his mistakes.

Crosby bank closes; FDIC takes over

CROSBY (AP) — The First National Bank of Crosby was declared insolvent Thursday and the Federal Deposit Insurance Corp. was named receiver, said Robert J. Herrmann, senior deputy comptroller for bank supervision for the office of the comptroller of the currency.

The FDIC approved the assumption of deposit liabilities of the Crosby bank by a newly chartered subsidiary of Central Bancshares of the South Inc. of Birmingham, Ala. The bank will retain the same name when it reopens Friday, FDIC spokesman Bill Olcheski said.

The failed bank's depositors automatically will become depositors of the assuming bank, subject to approval by the appropriate court, he said. The new bank will assume about \$8.1 million in 1,900 deposit accounts and has agreed to pay the FDIC a purchase premium of \$409,500. It also will purchase certain of the failed bank's loans and other assets for \$5.7 million.

To facilitate the transaction, the FDIC will advance about \$2 million to the assuming bank and will retain assets of the failed bank with a book value of about \$2.5 million, Olcheski said.

The FDIC board of directors approved the deposit assumption under its authority to do so whenever it determines that such a transaction will reduce the potential loss to the FDIC, the spokesman said.

Johnson Wax

SALES SUMMER INTERN PROGRAM

OPPORTUNITY

The Sales Summer Intern Program at Johnson's Wax offers a challenging and rewarding experience in selling and merchandising products for a major consumer products company. Initially you will receive in-depth on-the-job training by our local District Sales Manager. Throughout the summer you will work in a defined territory gaining sales experience and also be exposed to company policies and procedures. In addition you will have the opportunity to interact with all levels of management within our sales organization.

QUALIFICATIONS

You are qualified to participate in the Sales Summer Intern Program if you are a student within 24 months of graduation (as of June 1, 1985) and possess the following qualifications:

- Strong desire for a career in consumer products sales management
- Have a valid drivers license
- Have prior grocery store or sales experience
- Have reliable transportation throughout the duration of the Intern Program
- Reside in the Metro Houston/Dallas/Ft. Worth area
- Willingness to work hard
- Demonstrated leadership on campus
- Initiative and creativity.

COMPENSATION

You will receive a competitive base salary, plus all business related expenses. You will also be reimbursed at the rate of 21¢ per mile for the use of your personal car. You would also be covered by our comprehensive medical and life insurance plans, and would receive a token profit sharing check at the end of the year.

NEXT STEP

If the Summer Intern Program interests you, please contact your placement office and arrange for an interview on March 5, 1987.

JOHNSON WAX IS AN ACTIVE EQUAL OPPORTUNITY EMPLOYER M/F

Officials: SMU sanctions to help academics

DALLAS (AP) — Faculty members at Southern Methodist University say they hope the suspension of the school's football program will let the institution concentrate more on education and complete the search for a new president.

On Wednesday, the National Collegiate Athletic Association suspended the Mustang football program for the 1987 season and limited the school to seven games in 1988.

The action was the first taken against a football program under the NCAA's "death penalty" for repeated violations of recruiting standards.

"In a perverse way, it may be positive," law school Professor Peter Winship said.

Faculty members said the NCAA action could add momentum to their call for a de-emphasis of football at the university.

"One hesitates to put it this way,

because it sounds gallows-like," said Professor Leroy Howe, president of the Faculty Senate. "But I think this may be a help."

Andrew Bryant, director of admissions, said the sanctions should have little impact on new admissions. Admission applications in November fell 30 percent compared to last year, but applications are only several percentage points behind last year's totals, he said.
