Being a Marine Corps Officer can open the door to opportunities you may have thought were beyond your reach. It helped Marine Officer Charles Bolden become a NASA astronaut. And if you're willing to make the commitment, it could help you also. You can get started while you're in college with our undergraduate officer commissioning program. You could take advantage of getting:

- \$100 a month while in school
- Freshman and Sophomores train during two six-week summer sessions each paying more than \$1,100

- Juniors train in one ten-week summer session and earn more than \$1,900
- Free civilian flying lessons
- A starting salary of more than \$19,000

**We want you  
to go as far  
as you can.**

Immediately upon graduation you could become a Marine Officer. It's your choice. Maybe you're the kind of man we're looking for.

We're looking for a few good men.
