## 1988 Fish Camp director demonstrates eadership abilities in activities at A&M

**By Mike Walters** Reporter

She has been described by her other as "the girl who was left out the rain and rusted." But the rain out the only thing this redhead sbeen left out of.

Angela Funk, the director of Fish mp'88, has been a leader all of rlife and is a living example of gie spirit in action.

Funk is a petite, fair-complexed accounting major whose oundless energy and enthusiasm we helped her become a leader in lost everything she's become inved with.

Funk now eats, drinks and eathes her new responsibility of sh Camp director

This 22-year-old senior from Nerland will be responsible for get-ng approximately 3,200 freshmen om A&M to Palestine and back d making sure they have a good ne and learn about A&M tradi-

If anyone is qualified to explain to shmen the myriad of extra-cur-ular opportunities at A&M, it is

Funk is involved in several clubs ad activities. She belongs to Kappa appa Gamma sorority, the MSC ncil, Student Government eshman Aides, Cap and Gown and senior honor society. She also played intramural athletics at

This year Funk is concentrating making Fish Camp '88 the best

"I am going to be working on one n," k main goal for an entire year: Making transition from high school to exas A&M as easy as possible for ming freshmen," Funk said.

"Fish Camp can have a real impact n the time students spend at &M," she said. "They leave Fish camp with a positive attitude that helps them through their first week of class. Hopefully this spills over not the next four years.

Angela Funk is 1988 Fish Camp director.

"We try to help the freshmen prepare for the future and to put high school behind them and get involved in the activities that A&M offers. We not only stress academics, we stress

extra-curricular activities."

One part of Fish Camp that Funk has applied to her everyday life is the aspect of setting goals.

writing them down on paper —helps you to organize your life and really move forward," she said. "Sure, you will run into obstacles and might slip a step or two, but as long as you are making some progress, you are succeeding in the long run."

Fish Camp started in 1954 when "I think that setting your priorities and goals in list form — really vities, took a small group of A&M

students camping near Mexia,

Entering its 35th year, Fish Camp is an independent student organization that accommodates more than 3,200 freshmen in four different sessions. The campground is at Lakeview Methodist Assembly near

Funk learned about the importance of Fish Camp as a freshman in the summer of 1984. She applied to be a counselor for the summer of 1985 and was chosen to be in Camp Cisneros — named for San Antonio Mayor Henry Cisneros, Class of '68.

In 1986 Funk rose through the jungle of qualified counselors and was picked to be a vice-chairman of Camp Monroe.

One year later, with lots of Fish Camp experience and hard work behind her, she was chosen associate director of Fish Camp '87.

As current director, Funk is in charge of an associate director, seven assistant directors, 48 co-chairmen, 650 counselors and an entire

Funk inherited her love of A&M from her father.

"My dad was an Aggie, so I was exposed to A&M throughout my childhood," she said. "I didn't want to attend Texas A&M just because of my father, however. The atmosphere and the friendliness — the uniqueness made me want to come

"I visited many different schools, but none of them seemed to have that certain something — friendliness. I really felt like I was part of the school and that I could be my-

Funk has had to curtail interests in other activities like jogging, reading mysteries, playing the piano and swimming in order to concentrate

She already has been hard at work planning for next summer.

**UT** regents may raise tuition costs ministrative tasks this fall like trans-

AUSTIN (AP) - The University of Texas System regents this week are to consider doubling tuition for graduate business stu-dents and making a 50 percent increase for law students at UT-Austin.

The increases would begin next fall and would be the first approved by a Texas university under a new state law giving regents authority to raise tuition for graduate and law programs above the minimum set by the Legislature.

The Legislature retains authority to set undergraduate tu-

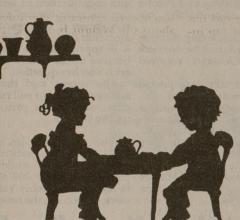

If approved by the regents at a meeting Thursday, tuition for Texas residents in the Graduate School of Business would rise from \$16 to \$32 per semester hour. Non-resident tuition would rise from \$120 to \$150 an hour. The rates would be in effect

through the 1989-90 school year. In the law school, Texas residents would pay \$75 an hour next fall, and an increase to \$90 an hour would begin in 1989-90. The minimum set by the Legislature for in-state law tuition will rise from \$48 to \$60 next fall.

Tuition for law students from outside Texas would rise from \$150 an hour to \$165 next fall. and to \$180 in the fall of 1989, under the plan to be presented to

#### Correction

MOSCOW (AP) — In a story Nov. 30 on Soviet leader Mikhail S. Gorbachev's interview with NBC, the Associated Press reported erroneously that the U.S. Senate had not ratified the 1972 antiballistic missile treaty in the Pavilion if you ever need to with the Soviet Union. The treaty
