Clear Lake deal drowns in sea of allegations of forgery, fraud

Democratic officeholders involved in mess

HOUSTON (AP) — Clear Lake area land deals involving some top state Democratic officeholders degenerated into a multimillion dollar mess amid allegations of forgery, fraud and misapplication of project funds, the Houston Chronicle reported Sunday.

The projects were among those put together by former state Rep. William J. Caraway and unsuccessful Houston mayoral candidate E.W. "Bill" Wright III and their partners. Both turned to real estate development in the wake of political losses.

Texas Land Commissioner Garry Mauro's business manager and a Clear Lake attorney claimed that Mauro and the lawyer never signed bank notes totaling \$5.5 million that bear their purported signatures and were used to fund the real estate ventures. A handwriting expert sup-

ported their claims. Caraway and Wright, now the deputy director of the Democratic Party's presidential fund-raising ef-fort, denied anyone other than the

investors had signed the notes.

"Nobody would sign anybody's name for them," Wright said. The developers, who packaged and sold tax shelter investments to a who's who of Democratic officeholders, including Mauro, Lt. Gov. Bill Hobby and U.S. Rep. Mike An-drews, have since seen their business fall apart.

Their company, Intertec Finan-cial Group, has collapsed, plunging Wright and another partner into bankruptcy and causing embarrass-ment for a number of politicians who have lost money in the unsuccessful projects.

Allegations of fraud at Intertec have attracted the attention of the FBI and the Harris County District Attorney's Office. Their business dealings are the subject of a flurry of lawsuits, including one by a former partner who accuses the developers of misrepresenting their land deals and fraudulently mismanaging project monies.

Glimpses of their business deal-ings include:

- Caraway and Wright were di-rectors at banks that made several million dollars in loans to their projects. After Wright was elected to the board of directors at Western Bank-Downtown, the bank made the \$850,000 loan that Mauro now disavows. "I never signed anything," Mauro said, referring further ques-tions to his business manager and cousin, Don Mauro.

- The developers bought a 14.5-acre cow pasture for \$436,000 and then sold it ten weeks later for \$1.3 million to a partnership they formed. The loan that Mauro says he didn't sign financed \$850,000 of the transaction. Kenneth D. McConnico, a

Clear Lake area lawyer who was one of Caraway's first partners, said his name was forged on two mortgages totaling \$4 million for earlier projects.

A handwriting expert confirmed that McConnico never signed the documents.

Caraway, Wright and another partner, David A. Frasier, defended

Ex-Brazoria commissioner recollects his fullfilling history

WEST COLUMBIA (AP) — If variety is the spice of life, D.E. Grandstaff has had a flavorful one.

The 89-year-old has worked at a wide range of professions from coaching football to building oil rigs to raising cows to teaching school.

He has even been involved in politics and served as a Brazoria County commissioner for 10 years.

He spent most of his high school years in Louisiana where he had to ride nine miles every day on a horse

or a mule to get to school. "I alternated between the mule and the horse," he said. "It just depended on which one needed the rest. With the mule, I spent about

half the time pulling it." The summer of 1916 he worked for a company in Louisiana making

\$3 a day. "That's \$3 a day, honey, not an hour," he reiterated.

It was pretty good money back then, and with his "investments," he bought an extra suit of clothes, a jersey milk cow and a jersey heifer. About that time his family de-

cided to move, and in the long jour-ney, Grandstaff learned a valuable lesson.

"I never will forget it," he said. "We'd been on the road about two weeks and we'd been making pretty good time. We stopped and were drinking a cup of coffee, and I bragged to Dad about what good luck we had been having." "There's many a slip between

They had talked about getting married and he had written her fa-

ther asking for permission. The girl's father had told Grandstaff that it was okay with him but he would have to get his daughter's permission.

"I don't remember ever propos-

ing," he said. Olive's family was moving to West Columbia from Humble and it seemed like a long way to have to go to visit, he said.

"We asked him if he would marry us, but he said we'd have to wait till the meeting was over. It was about 11 when he was through. He asked us if we wanted to get married that month or the next. We told him that month, but he had to hurry to make it by midnight."

- D.E. Grandstaff

So, one night they just decided to get married. Grandstaff had won a race in

high school and had received \$2.50 he said. for a prize. Olive exchanged it for a quarter eagle, which was a small gold coin about the size of a dime, and they

"When we started up again, my jersey cow wouldn't get up. She was so tired, she just laid down and died," Grandstaff said. "Five miles down the road, my jersey heifer laid down and died. A whole summer's work, gone. Dad was right. There's many a slip between cup and lip." In 1917, the year he was to grad-

uate from high school, the United States entered World War I and Grandstaff wasted no time enlisting in the Marine Corps.

But upon returning, he went right back to school and graduated in Humble.

Grandstaff was dating his high school sweetheart at the time.

Her name was Olive Stokely and she later became his wife.
