by Jon Caldara INS officials: Aliens may file for amnesty through mail

HOUSTON (AP) — Illegal aliens seeking to file for amnesty now may mail in their applications, say immigration officials seeking to reduce crowds outside Houston's Legalization Center.

As the May 4 application deadline nears, 600 to 700 people per day have shown up at the office to apply, officials said.

Many of the applicants spend the night on the sidewalk outside the center in order not to lose their places in line, officials said.

The Houston center has been among the busiest in the nation, receiving about 71,000 applications so far, officials said.

Under the new rules, applicants may mail in skeleton applications with a money order or cashier's check for the fee of \$185 per adult, or \$420 per family. The INS then will mail them a receipt for work authorization and notice of their interview date.

Immigration and Naturalization Service workers are unable to keep up with the level of applications, and most applicants are given appointments to return for their official interviews after the deadline, said Richard Rios, director of the Legalization Center.

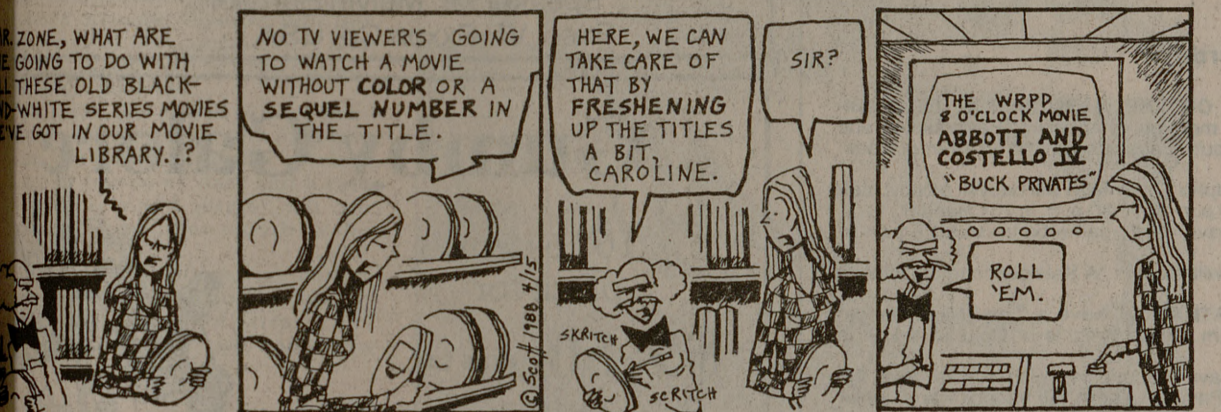

Those who apply are given papers allowing them to work legally until they return for their interview.

Last week, the INS began accepting skeleton applications without the supporting documents that prove immigrants meet the law's requirements.

Aliens must have lived in the United States illegally since Jan. 1, 1982, to qualify for amnesty.

Those who file skeleton applications have been granted an additional 60 days to return with supporting documentation.

Residents complain about waste disposal with jar of sludge

AUSTIN (AP) — Residents of the Harris County community of Highlands, complaining that Attorney General Jim Mattox is not doing enough to help in their battle against a waste disposal site, delivered a jar of sludge to Mattox on Wednesday.

Mattox has filed a lawsuit against Liberty Waste Disposal Co., owner of the dump, alleging more than 5,000 violations. But Highlands residents said the state's lawsuit ignores more serious allegations, including adverse health effects they say the dump has caused.

"Let's see if they would like to have it for awhile," said Norval Wilburn, a Highlands resident who made the trip to Austin to give the sludge to Mattox. "We're sick of having it."

The jar was left with a receptionist in Mattox's office. The sludge was collected by Rick Abraham, an organizer for the National Campaign Against Toxics. A private laboratory determined the substance includes hazardous chemicals.

"We say that is proof the stuff is bubbling up outside the pit," Abraham said. "But the state attorney general is not suing them for that issue."

Ron Dusek, spokesman for Mattox, said new wells are being installed to monitor the site and test for hazardous waste.

Highlands residents also have filed a lawsuit against the dump owners.

"We're dead serious about this," Wilburn said, adding that area residents have suffered nausea, headaches, respiratory problems and skin irritations. "We want the attorney general to see and smell what people in Highlands have lived with for years."

OFFICERS APPLICATIONS

For the MSC Black Awareness Committee are now available in the Student Programs Office.

Applications due Tuesday, April 19 by 5:00 p.m. We encourage all interested persons to come & pick up an application.

MANUFACTURERS HANOVER

Smart

Help your parents get through college.

Just thinking about college tuition is enough to make most parents break into a sweat.

But can you blame them? When you consider the cost of tuition, books, dorms—not to mention pizza parties—you're talking big bucks.

Which is why you should do some talking. Like telling your parents about the Education Loan Programs at Manufacturers Hanover Trust.

At MHT, not only do we participate in all three Federally guaranteed loan programs, but we also work with state and national agencies and can make guaranteed loans in all 50 states.

In practically no time at all. In a matter of minutes, MHT Student Loan Processors can program your information into our computerized loan-processing system.

Within 24 hours, the Bank will get a decision from the Guarantee Agency. It's that simple. Better still, with MHT your parents will get all the money they need from one source.

Example: If your folks need more money than government sources will give them, we can offer them tailor-made payment plans through The Education Loan Program, Educational Lines of Credit or Monthly Budget Program and Pre-Payment Programs that make it easy for your parents to fund themselves. (The Education Loan Program, Monthly Budget and Pre-Payment Programs are offered through the Tuition Plan, a company of Manufacturers Hanover.)

Once you get a loan from us, you can be sure it'll stay with us. Because we've never sold education loans to other banks (unless the borrower asked us to).

So if you need money for school, call 1-800-MHT-GRAD and get yourself an MHT Education Loan Application.

Then when your folks ask you about tuition, at least you'll have an answer. "No sweat."
