Walk America to be held Saturday

By Kathy Crawford
 Reporter

Walk America, an annual fundraiser for the March of Dimes, will take place Saturday beginning at 9 a.m.

The 10-mile walk starts at Central Park in College Station, runs along the East Bypass down Southwest Parkway to Texas Avenue and back to the bypass.

Vonille Cassidy, the local director of March of Dimes, said parking will be available at the Southwood Athletic Park and K mart.

A shuttle bus will take participants to Central Park.

This year is the 50th anniversary for Walk America.

Linda Storms, local chairman for Walk America, said the goal is to raise \$25,000.

"It (the money) is for research to find ways to fight birth defects," Storms said. "There are over 3,000 birth defects, so it takes a lot of money. The goal in the very beginning was to find a cure for polio."

Cassidy said the grand prize for the individual or team raising \$1,000 or more is a catered dinner for four.

A night at the Hampton Inn will be given to those raising \$600 to \$999.

Those whose donations total \$200 to \$399 will receive a Walkman radio while a T-shirt will be given to anyone who raises \$50 to \$99.

Also, there will be a prize for the most creative T-shirt.

Participants are entered on an individual or team basis.

Several companies have large teams while others consist of only two people.

Storms said there will be several rest stops along the course of the walk. Participants can stop at Tenneco, Wendy's and the park at the police station among other places.

There will be different activities at each rest stop, Storms said. One will include a local cheerleading group.

"We hope to make each rest stop something different and exciting," Storms said. "We're hoping to make our walk fun for people."

She said anyone interested in participating in the walk should contact the March of Dimes office at 846-3470. Also, volunteers are needed to help with registration and rest stops.

Storms said she is hoping for clear weather on the day of the event.

"We'll have it (the walk) unless it's thundering and lightning."

Jazz Fest to swing College Station

By Page Goodman
 Reporter

The fifth annual Jazz Fest will bring a variety of modern, big band and blues jazz to College Station Saturday from noon to 11:45 p.m. at Central Park.

The festival, sponsored by the College Station Parks and Recreation Department, will feature Texas artists and local bands, including: the Bryan High School Jazz Band, Don Pope & Friends, the A&M Consolidated Jazz Band and the Texas A&M Jazz Band.

The Mady Kaye Quintet from Austin and the North Texas State University 1 o'clock Lab Band from Denton also will be performing.

Admission is \$2 per person and \$5 per family, said Tracy Hinton, public relations and advertising director for the Fest.

Sheila Walker, program supervisor at the parks and recreation department, said there is not a particular theme for the festival because the planners wanted to encourage variety.

"We want each band to play what they want to play," Walker said. "That way we will hear a variety of jazz. North Texas State University and A&M Consolidated will play a lot of modern and big band jazz. Mady Kaye is more blues-type jazz."

In addition to the music, there will be other activities throughout the day, including hot-air balloon rides, local arts and crafts booths and food booths.

Hinton said that although no

alcohol will be served, this year people may bring a cooler. A shuttle will run from Southwood Valley to Central Park from 8 p.m. to midnight.

Walker said, "We highly recommend this because it will be crowded. Last year attendance neared 2,500."

Awards from Walk America — a walk sponsored by March of Dimes to prevent birth defects — will be given at the festival around 3 p.m., Walker said.

It should be a fun, eventful day for everyone if the weather is beautiful, Walker said.

"If it is just raining, we won't call it off, because there are tents," Walker said. "However, if the weather is threatening, there will be announcements about canceling the event on all radio stations."
