

## Tower

(Continued from page 1)

their contract before June 30, they will get back \$100 of it.

If they break their contract after June 30, they won't get any of their deposit back.

The hotel's management is the same that owns and runs the Dobie Center, a tower dormitory at the University of Texas at Austin. Sandel said the Dobie Center has been successful and hopes the same for the University Tower.

The hotel is making several renovations to prepare it for housing students in the fall, such as replacing the carpet and furniture and redesigning the lobby area.

Sandel said three sizes of rooms will be available — a 12 feet by 24 feet room, a 13 feet by 27 feet room with a balcony and a larger one bed-room suite.

Although the University Hotel will house students, Sandel said the

University Police won't be involved in security.

The hotel will have a 24-hour surveillance camera, and students will have security cards they'll use to get into the hotel after hours.

Dining facilities will be provided for both students and the public. The hotel will have a public restaurant and a cafeteria. Both students and non-students will be allowed to purchase a meal plan to eat in the hotel's cafeteria.

The University Tower parking lot will provide up to 500 spaces for student parking, and will rent reserved spaces.

Sandel said a two-level parking garage may be built if it becomes necessary to provide more parking space.

The hotel also will purchase a shuttle bus and provide transportation to and from campus.

## Police look for suspects in computer robbery

A basement laboratory in the Engineering/Physics Building was robbed Sunday, April 2 sometime before 2:30 p.m.

Upon entering the basement, thieves stole a special purpose high-speed desk-top computer and a component board from one room, and a compatible printer from another.

Stolen items included: a Compaq Desk Pro 386/20 computer, serial number 4813AQ4B0719 and an Apple Laser Writer 2NT, serial number CA843PKH. The two were valued at more than \$22,000.

No suspects have been identified, but investigators believe more than one person was involved and that the thieves were familiar with the operations of the lab and the equipment.

**Brazos County**  
**Crime STOPPERS**  
775-TIPS

If you have information regarding this robbery, please contact Crime Stoppers at 775-TIPS.

Once called, Crime Stoppers will issue a special coded number to protect the caller's identity.

If the call leads to an arrest and grand jury indictment, Crime Stoppers will pay the caller up to \$1,000.

Crime Stoppers also pays cash for information regarding any felony or the whereabouts of any wanted fugitive.
