Engineers
R&D
ENGINEERS
Honda R&D North America, Inc. is looking for degreed Engineers to take part in a unique international, long-term training program in preparation for key technical management positions in the future.

These positions will involve intensive training both in the United States and Japan and require a BSME from an American university, and a personality adaptable to a wide range of situations, activities and cultures. The flexibility to spend extensive periods of time overseas and a strong interest in R&D work is also required.

We offer a comprehensive overall compensation and benefits program and excellent career opportunities for the right individuals. Please send your resume, or letter of introduction to: Human Resources, Honda R&D North America, Inc., 1900 Harpers Way, Torrance, CA 90501. Equal opportunity Employer.

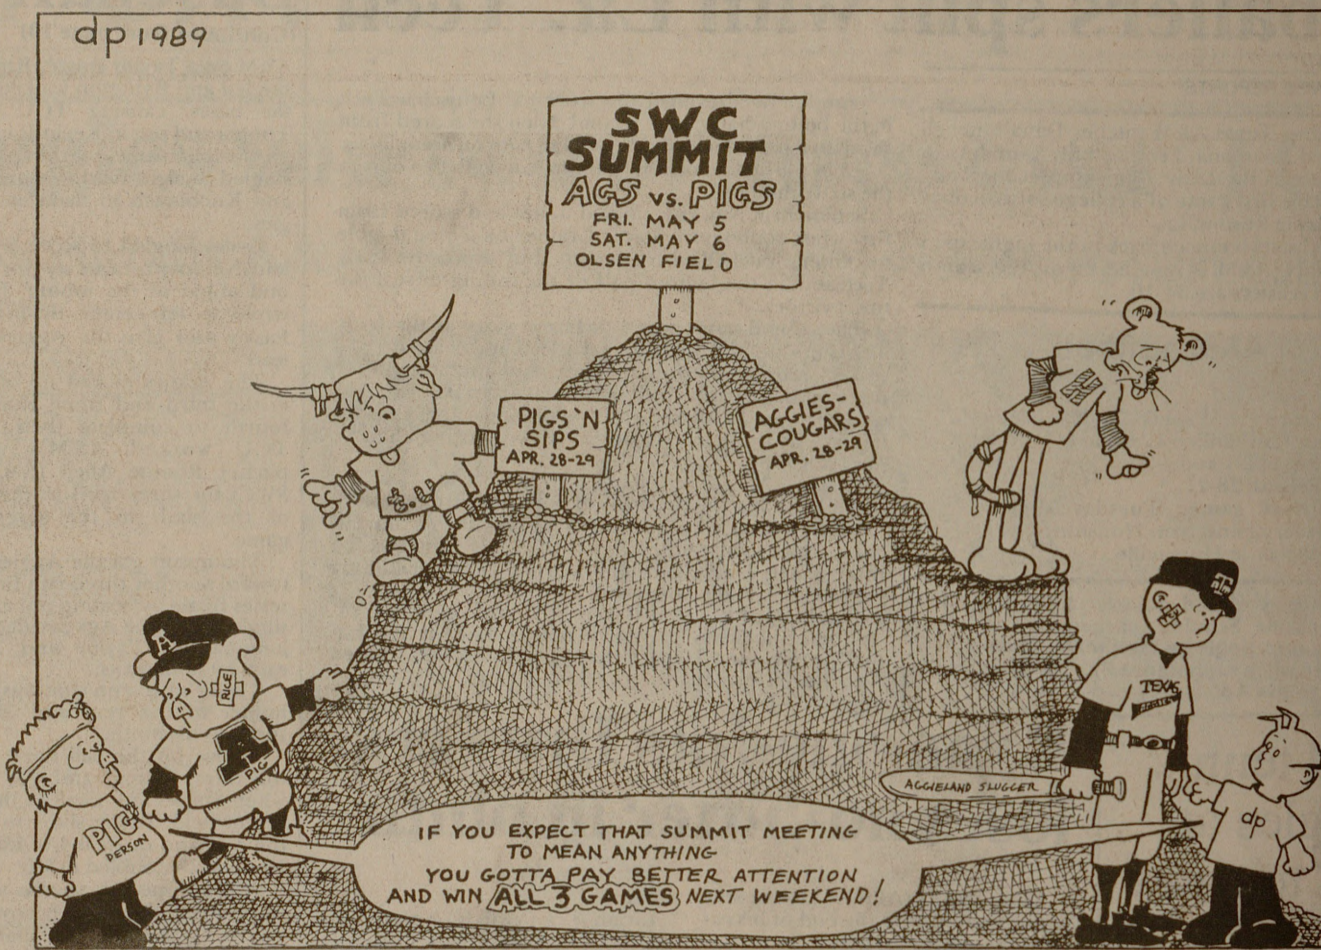

HONDA
R&D North America, Inc.

ΣΑΕ
Pool Tournament at Parthenon
1st place: \$250 2nd place: \$100. 3rd place: \$50.
Registration Info: \$10. registration fee must register at the MSC or Sbisla by 8 p.m. the night of each preliminary round.
Preliminaries: Tuesday, April 25; 8 p.m. Tuesday.
For more info call the SAE House: 822-1377

The A & M Steak House
Quality Checklist
presented by a A & M Fabulous Babe.
Ingredients used in the making of their great Cheeseburger Platter!
Meat - 100% USDA Inspected. Custom blended, lean ground beef. 8- ounces of the very best.
Buns - Butter Krust 4-1/2" specifically made to A & M specifications.
Mayo - Kraft & Hellman's Not some cheap, unknown brand.
Mustard - Kraft Not mustard made from bran, but pure mustard seed.
Pickles - Kraft Choice and select - not some cheap, unknown brand.
Lettuce - California or Texas Not Arizona Cheap stuff.
Cheese - Cheddar - aged Wisconsin Not processed, American cheap stuff.
Potatoes - Idaho (Grade A) Not Washington or Colorado that many use to save \$.
Frying Shortening - Frymax (100% Soybean Oil) Not animal fat like most chains use.
Salad Dressings - Kraft Ranch, 1000 Island, French, Italian. Not some oil-based, unknown stuff.
Heinz Ketchup - THE BEST Not the watery, cheap stuff.
No salt or MSG is added during cooking like many do to enhance the flavor of their cheap meat. We CHARBROIL ours, which other places dare not do... because of their meat's high fat content.
Open: Mon-Sun 7am-9pm

NFL Draft

Syracuse fullback joins Aikman, Cowboys

IRVING (AP) — Dallas coach Jimmy Johnson, making his first NFL draft picks on Sunday, went with players he knew, taking fullback Daryl Johnston, guard Mark Stepnoski and defensive end Rhondy Weston, all of whom played for him in the East-West Shrine game.

The Cowboys, hoping to find someone who can take the total backfield burden off Herschel Walker, picked Syracuse's Johnston in the second round of the NFL draft on Sunday.

In the third round, when the Cowboys had two picks, Johnson opted for 270-pound offensive lineman Stepnoski of Pittsburgh and shored up the defense with Florida's Weston.

After commissioner Pete Rozelle led off the draft in New York City with the announcement of the Cowboys' selecting UCLA quarterback Troy Aikman, Johnson tried to find Aikman some offensive help.

Johnston, 6-2, 237-pounds, was rated one of the premier blockers in college football last year.

"He is an outstanding football player," Johnson said. "He's a good power runner, an excellent blocker, and can catch the ball."

"He's a hard runner from tackle to tackle and we feel the way our passing game will be set up, we can also get him the ball on the perimeter."

Offensive coordinator David Shula said fullback "was one of our vital needs. It was a major area of concern."

By drafting Johnston, the new coaching staff of the Cowboys sent a message to fullbacks Timmy Newsome, Todd Fowler and Darryl Clack. Newsome has retired once in the off-season, then was talked back into playing again.

"We needed to upgrade that position," Shula said. "Herschel has borne the brunt of the ball-carrying too much. We feel Daryl can be a starter for us next year."

Johnston averaged almost five yards a carry in his career at Syracuse, rushing for 1,706 yards on 356 carries. He scored nine touchdowns and caught 43 passes for 451 yards.

Joe Brodsky, the Cowboys' running back coach, said "Johnston is a very hard-nosed blocker. And he can run. We'll be running a two-back offense, so Johnston will take a lot of pressure off Herschel. I think we've got a guy who will help us win."

The Cowboys drafted offensive guard Steve Wisniewski of Penn State for the Los Angeles Raiders to start the second round, then traded him to the Raiders for an additional pick in each of the second, third and fifth rounds.

Johnston can also punt in a pinch. He had 10 in college for a 48.7 yard average.

Johnston closed out his career with 74 yards on 19 carries in a 23-10 victory over Louisiana State in the Hall of Fame Bowl.

Johnston said that although the Cowboys worked him out, his selection was a "total surprise."

"I had heard a few things, but nothing for sure," Johnston said. "I've watched Herschel Walker on television for years. I don't think I sunk in yet that I'll be playing in the backfield with him."

Oilers take Florida tackle in first round

HOUSTON (AP) — The Houston Oilers overlooked a need in their secondary to add depth in the offensive line Sunday, drafting Florida tackle David Williams in the first round of the NFL draft.

The Oilers made the 6-3, 292-pound Williams the 23rd pick in the first round, leaving Florida safety Lewis Oliver still on the board.

"Last year our five offensive linemen stood up and played the whole year and that was very fortunate," Oiler General Manager Mike Holovac said.

"You don't look for anything to happen but you'd like to have someone like Williams who could step in and play."

Oiler scout Glenn Cumbee said the Oilers preferred Williams as a pass blocker to help protect the quarterbacks.

"He's (Oliver) an athlete but sometimes he made big plays and sometimes he didn't," Cumbee said. "The best athlete isn't always the best player."

Williams will be joining former Florida lineman Kim Helton, the Oilers' offensive line coach.

"I was sweating bullets, I was getting nervous near the end," Williams said. "New Orleans was interested but they didn't call and the Oilers were next."

Williams has shown no ill effects from back surgery to repair a ruptured disc prior to his junior year. He bench presses 435

pounds. Williams was an anchor for an offensive line that averaged 160 yards last season and allowed only 13 sacks.

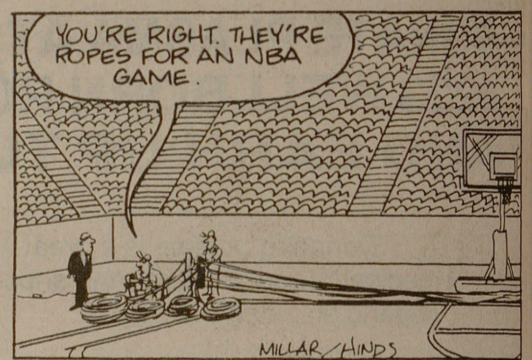

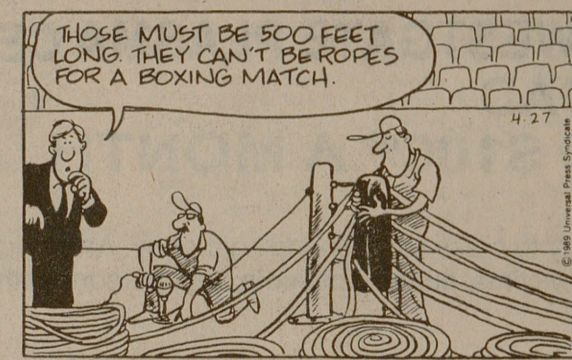

The Oilers lost 15 players to Plan B, which allows other teams to sign unprotected players. Holovac signed seven Plan B players and hoped to use the draft to add depth.

The Oilers started preparing for the season by signing quarterback Warren Moon and Ray Childress.

The Oilers have a strong starting offensive line, Pro Bowl guards Mike Munchak and Bruce Matthews, tackles Bruce Davis and Dean Steinkuhler and center Jay Pennison.

DISCOVERY MAY END OBESITY
NATIONAL DIETARY RESEARCH, AN ORGANIZATION COMMITTED TO THE RESEARCH AND DEVELOPMENT OF NUTRITIONAL SOLUTIONS TO WORLD WIDE HEALTH PROBLEMS, REPORTED IN A WASHINGTON D.C. PRESS RELEASE, "OBESITY MAY BE CONTROLLED NATURALLY WITH A NEW TYPE OF PILL" DISCOVERED BY ACCIDENT. IN STUDIES SCIENTISTS NOTED PATIENTS RECEIVING AN INGREDIENT IN WHAT IS NOW BEING CALLED FS-1 ALL LOST WEIGHT, WHILE BODY WEIGHT IN CONTROL GROUPS REMAINED CONSTANT. SCIENTISTS SAY THE MECHANISM BEHIND THE WEIGHT REDUCTION IS DUE TO A DECREASE IN THE INTESTINAL ABSORPTION OF CALORIE RICH DIETARY FATS. IN A COMPARATIVE STUDY BY NDR, WHOSE RESEARCH TOPICS HAVE BEEN THE SUBJECT OF ARTICLES PUBLISHED IN RECENT MEDICAL AND NUTRITIONAL JOURNALS, FS-1 WAS FOUND TO BE THE MOST EFFECTIVE TREATMENT FOR OBESITY AND THE MOST ACCEPTABLE TO PATIENTS, BECAUSE FS-1 CONTAINS ONLY NATURAL INGREDIENTS RECOGNIZED AS SAFE. FS-1 AND DIET PLAN ARE AVAILABLE TO THE PUBLIC THROUGH PHARMACIES LISTED BELOW.
