

OFFICE WITH A VIEW

The Peace Corps is an exhilarating two year experience that will last a lifetime.

Working at a professional level that ordinarily might take years of apprenticeship back home, volunteers find the career growth they're looking for and enjoy a unique experience in the developing world.

International firms and government agencies value the skills and knowledge mastered during Peace Corps service.

PEACE CORPS Representative will be on campus to talk about opportunities for overseas service. BA/BS candidates in **AGRICULTURE, MATH, BIOLOGY & CHEMISTRY** are particularly needed for summer programs. To learn more about how your skills can be put to work plan to stop by or call: **1-800-442-7294 ext 124.**
