## Austin makes list of final four cities considered for plant

Wemsting Inc. narrowed the list of
Memories
contenders for its big computer contenders for its big computer
memory chip plant Tuesday to Aus-
tin, Colorado Springs Phoenix Middletown, N.Y., setting the stage for an intense lobbying effort over
the $\$ 1$ billion manufacturing com"What set the finalists apart was that they showed a very balanced ap-
proach to satisfying our needs", said proach to satisfying our needs," said
Sanford Kane, president and chief executive officer of U.S. Memories.
U.S. Memories said the finalists, U.S. Memories said the finalists,
chosen from 57 locations in 15 states, including 19 cities in Texas,
were picked on the basis of financial, were picked on the basis of financial,
business, and quality of life considerSen. Phil Gramm, R-Texas, said
he expects a tough fight among the he expects a tough fight among the
finalists for the manufacturing complex, which would employ 3,000
people when it begins operation in
1993 , with anticipated sales of $\$ 1$ bilAustin, which nearly two years
ago won the Sematech semiconductor research consortium, has offered
incentives worth more than $\$ 100$
million in an effort to lure million in an effort to lure U.S. Because the project is similar to
Sematech and MCC, the Microelec ronics and Computer Technology
Corp. - both major technology conortia lured to Austin after intens national competitions - some local
officials and outside handicapper
gave Austin a better-than-even
chance at making U.S. Memories Gramm and Sen. Lloyd Bentsen,
D-Texas, said they would stres D-Texas, said they would stress
Texas' other high-tech facilities, including Sematech and the super co-
lider, as they make their pitch fo lider, as they make their pitch for
the Austin site. the Austin site.
"I think a dec ories to locate in Austin, U.S. Mem-
to addition
previous success on Sematech to previous success on Sematech,
would make Austin the world's cen-
ter in research in the would make Austin the world's cen
ter in research in the electronics in
dustry," Gramm said dustry," Gramm said. John Myers, vice president of eco-
nomic development for the Greater Austin Chamber of Commerce, said
he was pleased the city made the he was pleased the city made the
short list. "We're excited about the Austin petitive," Myers said. He said the city
hasn't fully analyzed the three competitors' proposals but "we'll keep
working." The consortium of seven compa-
nies will produce 4-megabit DRAMs - Dynamic Random Access Memory - computer chips and hopes to
capture the market from Japan, capture the market from Japan,
which now holds the edge in the "increasingly critical technology
DRAMs are a common chip found in electronic memory wave ovens, cars, VCRs, computers
and supercomputers, and most de and supercom
fense projects.
