Richardson blasts **UT** for complaining

FAYETTEVILLE, Ark. (AP) Arkansas Coach Nolan Richardson said Thursday that University of Texas officials are wasting their time by continuing to complain about the Razorbacks' overtime victory over the Longhorns on Sunday.

Texas has sent a letter to the Southwest Conference protesting the game because Richardson wasn't given a technical foul for leaving the court with 14 seconds left in regulation time. Assistant Athletic Director Craig Helwig said the letter was sent Wednes-

"One or two days is fine, but now they've played a game and we've played a game and it's on to the rest of the league race," Richardson said at a news conference in response to a question. "When does the statute of limitations run out. They've kept this in the paper for days."

Richardson walked off after Lee Mayberry was assessed an intentional foul. Arkansas, which trailed 84-83 at the time, tied the game at 86 on Mayberry's long

jumper with four seconds left and

won 103-96 in overtime, with Richardson back on the bench. Texas Coach Tom Penders complained after the game that Richardson should have been assessed a technical foul, giving the Longhorns two free throws and possession of the ball. Texas wants to have the final 14 seconds replayed, or at least receive public acknowledgment from the SWC that the referees made a misinterpretation

Paul Galvan, the SWC supervisor of officials, said the case is closed, and league Commissioner

Fred Jacoby wouldn't comment.
"I'm not sure Tom even has anything to do with this," Richardson said. "I've received a lot of

fan mail from Austin. I must be very popular there.

"If this creates more interest among league fans, fine. I'm, sure the next me we're in Nustin, they'll have a bunch of Nolan lookalikes. The rivalry will become more intense among fans ... hopefully, it will spread to some of the other teams and that makes
