Items for What's Up should be submitted to The Battalion, 216 Reed McDonald, no later than three business days before the desired run date. We only publish the name and phone number of the contact if you ask us to do so. What's Up is a Battalion service that lists non-profit events and activities. Submissions are run on a first-come, first-served basis. There is no guarantee an entry will run. If you have questions, call the newsroom at 845-3315.

# Restaurant Report

The restaurants listed below were inspected by the Brazos County Health Department between Feb. 12 and Feb. 16. Information is from a food service establishment inspection report.

### SCORED BETWEEN 95 AND 100:

**Fatburger** at 725 University Dr. **Score — 99.** One point was deducted for litter on the premises.

**Mercury Bar** at 313 S. College Ave. **Score — 95.** Points were deducted for unsatisfactory food protection during storage, unsatisfactory hand cleanser and inadequate floor drainage.

**Schlitzsky's** at 100 S. Texas Ave. **Score — 95.** Points were deducted for inadequate access to toilet and handwashing facilities and unsatisfactory design and construction of non-food contact surfaces.

### SCORED BETWEEN 90 AND 94:

**Graham Central Station** at 1600B S. College Ave. **Score — 91.** Points were deducted for improperly stored toxic items (major violation), unsatisfactory hand-drying device and waste receptacles, unclean non-food contact surfaces and unsatisfactory wall and ceiling repair.

### SCORED BETWEEN 85 AND 89:

**Captain's Halfshell** at 206 E. Villa Maria Rd. **Score — 89.** Points were deducted for substandard hygienic practices (major violation), unprotected outer openings and unsatisfactory hand-drying device and cleanser.

**31 Treats** at 610 University Dr. **Score — 85.** Points were deducted for inadequate access to toilet and handwashing facilities, unsatisfactory food protection during storage, unclean food-contact surfaces, reusing single-service articles, improper storage of food-dispensing utensils, un-

clean non-food contact surfaces, improper storage of single-service articles and unsatisfactory floor repair.

### SCORED BETWEEN 80 AND 84:

**Double Dave's Pizza** at 919 Harvey Rd. **Score — 80.** Points were deducted for potentially hazardous food temperature during storage and preparation (major violation); improperly stored toxic items (major violation); too few, inconvenient toilets and handwashing facilities; unsatisfactory hand-drying devices and cleanser; unsatisfactory construction of non-food contact surfaces; improper storage of single-service articles and inadequately maintained plumbing.

David Jefferson, a registered sanitarian at the department, said restaurants with scores of 95 or above generally have excellent operations and facilities. He said restaurants with scores in the 70s or low 80s usually have serious violations in the health report.

Scores can be misleading, Jefferson said, because restaurants can get the same score by having several minor violations or a few major violations. He said the minor violations can be corrected during the inspection. Point deductions or violations in the report range from one point (minor violations) to five points (major violations).

Jefferson said the department might close a restaurant if the score is below 60, the personnel have infectious diseases, the restaurant lacks adequate refrigeration, there is a sewage backup in the building or the restaurant has a complete lack of sanitization for the food equipment.

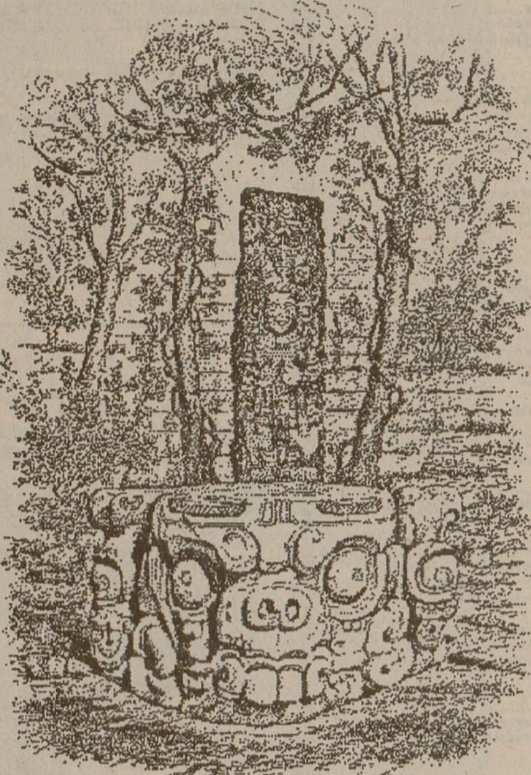

The department inspects each restaurant every six months. Inspectors at the department are registered sanitarians.
