How Schlotzsky's® came to America.

Like Americans themselves, the world of flavors in Schlotzsky's™ sandwiches came originally from countries all over the world.

From Italy came salami, rich mozzarella and parmesan cheeses. The Poles and Germans brought flavorful ham. The Greeks and Spaniards gave us ripe olives. From the Orient came spices, mustard, and sesame seeds. The English brought mild cheddar cheese (and the very idea of the sandwich in the first place).

America's fertile valleys contributed onions, crisp fresh lettuce and ripe red tomatoes.

In America, these wonderful ingredients come together inside our special Schlotzsky's™ sourdough bun, a French invention that we bake fresh every day.

What could be more American than a Schlotzsky's™ sandwich? It's delicious. It's hot. And like America, it's big enough to share.

Schlotzsky's™ sandwiches. A whole world of flavors in every bite.

Bring your photos to life as Cut-Ups!

Liven up your favorite photos into exciting Cut-ups photo sculptures! Cut-Ups make ideal gifts for friends, family, and business acquaintances. Or reward yourself with a memento you'll cherish forever!

Cut-Ups laminates your prints to high-quality acrylic, electronically traces the subject, laser cuts and glazes outside and inside edges.

Your custom-made sculpture is mounted on a handsome pedestal, and returned to you promptly.

Just bring them to Campus Photo. You'll find easy, complete instructions there. Your photos will come back to you as eye-catching, three-dimensional displays!
