Restaurant Report

Who have Nothing better to be than Burn our great

The restaurants listed below were inspected by the Brazos County Health Department between June 1 and June 8. Information is from a food service establishment inspection report.

SCORED BETWEEN 100

NATION'S Symbol.

AND 95: Kettle Restaurant at 2712 Texas Ave. S. Score — 96. Points were deducted for improper storage of in-use food dispensing utensils, unsatisfactory non-food contact surfaces, unclean non-food contact surfaces of equipment and utensils and unsatisfac-

tory wall and ceiling repair. It was a follow-up inspection.

SCORED BETWEEN 94 AND

Swensen's Ice Cream at 1507 Texas Ave. S. Score — 94. Points were deducted for food thermometers not provided or inconspicuously placed, improper storage of in-use food dispensing utensils, unclean clothes worn by personnel or improper hair re-straints, unclean non-food contact surfaces of equipment and utensils, unsatisfactory walls and ceilings and litter on premises. The restaurant was inspected because of a complaint.

Sbisa Dining Center on Texas A&M campus. Score — 91. Points were deducted for improperly labeled containers, unsatisfactory construction of food contact surfaces, unsatisfactory installation or maintenance of plumbing and improper storage of toxic items (major violation). It was a regularly scheduled inspection.

SCORED BETWEEN 89 AND

Little Caesars Pizza at 601 University Dr. Score — 89. Points were deducted for improper food protection during storage, unclean food contact surfaces of equipment and utensils, inaccessible toilet and handwashing facilities, unsanitary hand-drying devices and unsatisfactory wall and ceiling repair. It was a regularly scheduled inspection.

Deluxe Burger Bar at 203 University Dr. Score — 88. Points were deducted for improper food protection during storage, unclean non-food contact surfaces of equipment and utensils, improper dispensing of single-service articles, unsanitary hand-drying devices, unprotected outer openings, unclean floors and unsatisfactory wall and ceiling re-pair. It was a regularly scheduled inspection.
SCORED BETWEEN 79 AND

Skaggs Alpha Beta at 301 S. College Ave. Score — 78. Points were deducted for improper food protection, poor hygienic prac-

tices by personnel (major violation), unclean food contact surfaces of equipment and utensils, inaccessible toilet and handwashing facilities, unsanitary hand-drying devices, unclean floors, unsatisfactory lighting provided and improper storage of toxic items (major violation). It was a regularly scheduled inspection. SCORED BETWEEN 74 AND

3-C Bar-B-Q at 1727 Texas Ave. S. Score — 73. Points were deducted for potentially hazardous temperature during food storage (major violation), potentially hazardous temperature during food storage (major violation), potentially and the storage of the storage o tially hazardous temperature during food display (major viola-tion), improper food protection, unclean non-food contact surfaces of equipment and utensils, improper storage of single-service articles, improper mainte-nance of plumbing, back si-phonage in plumbing system (major violation), unprotected outer openings, unsatisfactory wall and ceiling repair, unclean walls and ceiling, unshielded light fixtures, improper storage of toxic items (major violation) and litter on premises. The restaurant

SCORED BETWEEN 64 AND

was inspected because of a com-

K-Bob's Steak House at 809 University Dr. E. Score — 64. Points were deducted for improperly labeled containers, food thermometers not provided or inconspicuously placed, improper food protection, improper storage of in-use food dispensing utensils, poor hygienic practices by employees (major violation), unsatisfactory construction of food contact surfaces, unclean wiping cloths for equipment and utensils, unclean food contact surfaces of equipment and utensils, unclean non-food contact surfaces of equipment and utensils, improper storage or dispensing of single-service articles, improper maintenance of plumbing, unsanitary hand-drying devices, unsatisfactory garbage containers, unclean outside areas, unprotected outer openings, unsatisfactory wall and ceiling repair, unclean walls and ceiling, unsatisfactory lighting provided, improper storage of toxic items (major violation), litter on premises and improper linen storage. The restaurant was inspected because of a complaint.

David Jefferson, a registered sanitarian at the department, said restaurants with scores of 95 or above generally have excellent operations and facilities. He said restaurants with scores in the 70s or low 80s usually have serious violations in the health report.

WARRD

Rap album

(Continued from page 1)

wouldn't want any children to hear the overly explicit lyrics.

"People say albums by Eddie Murphy or Sam Kinison are dirty, but this album is just too much," Lynch said. "I guess it's a lot more harsh than what most people are accustomed to."

Other record stores in the Bryan-College Staion area do carry "As Nasty As They Wanna Be."

An employee at Digital Audio Concepts in Bryan said the store did have the album in stock and contin-ued selling it despite the controversy caused by the banning in San Anto-nio. Digital Audio had no comment

on the matter.

Tip Top records in Bryan also carries the album, although they too had no comment.

Brazos County Attorney Jim Kuboviak is out of town and could not be reached for comment. Both the Bryan and College Sta-

tion police departments said they did not know of any plans to ban the album in the local area.

Lt. Michael Mathews, an officer

with College Station police, said the police had not received any complaints about the album.
"If we get a complaint, we'll handle it case by case," Mathews said.

Collider

(Continued from page 1)

With this technology, electricityproducing power plants could store electricity more efficiently at night and re-use it during the day when it is most needed and more expensive to produce.

• Microwave Power Tube Technology, invented at A&M and called gigatron, has important capabilities for improved satellite communica-

• Magnetic levitation high-speed rail being developed at A&M that could levitate rail cars one inch off the ground and attain speeds of up to 300 miles per hour.

"The economic potential of these developments already exceeds the entire projected cost of the SSC," McIntyre said. "And we have hardly

begun."

A \$318 million appropriations measure to fund SSC development in fiscal 1991 will be brought to the House floor next week for consideration by the full House.

Since this amount matches the funding recommended by President Bush in his budget submitted earlier this year, McIntyre said this was a very positive action and meant that SSC funding could count on his sup-

The recommendation unani-

mously passed the House subo mitte panel on energy and June 8 and passed the House propriations committee Wedne Dr. Russell Huson, A&M

professor and director of the Accelerator Center in Houston the SSC is such an important opment to the United States the doesn't see how it could lose o

nancially in budget talks.

Huson said the Texas delegatin Congress is behind the SSC will push to keep SSC funding present levels.

"It has very strong national port," Huson said. "It's almost tain (to get the \$318 million)."

Craig Murphy, communication of the commu almost there."

But, Murphy said, the approtions package must survive a por budget summit agreement and percent across-the-board au Gramm-Rudman cuts are use balance the 1991 budget. It's about time we pay the

Tony Tu Murphy said, and we can't hide true size of the deficit anymore. Boxing

Last month, the House author a five-year, \$5 billion plan wh SSC by a 3-1 margin.

Cold fusion

AIDS foundation holds summer training session for helpline volunteer

The AIDS/Crisis Helpline of the Brazos Valley AIDS Foundation is having a summer training session for volunteer helpline receptionists from 9:30 a.m. to

5 p.m. Saturday. Those attending the training session will be instructed in basic AIDS information and crisis interven-

tion is always looking for volunteers and encourages anyone who wants to help to attend.

'We want people who enjoy helping others," she said. "We need compassionate people with a lot of common sense to answer incoming calls."

The AIDS/Crisis Helpline presently has 15 active members and has trained more than 200 since the ganization was initiated in 1988.

Oates said the helpline gets a number of calls everday.
"Not all of them are AIDS related," she said, "Mar a Cryston accretain a certain accretain times, people just need some anonymous advice, sup a certain

Oates said more people are needed to help because champi many volunteers are students who have changing schedules or are graduating.

For more information about the AIDS Foundati and the summer training session, call 690-AIDS.

Second annual Campus Charity Drive now accepting applications

Applications are being accepted for Texas A&M's second annual Campus Charity Drive.

In 1989, the University decided to expand its char-

itable contributions program so A&M's faculty and staff could make contributions to a variety of other organizations.

More than \$170,000 was raised to benefit the Brazos County United Way, American Cancer Socity, American Diabetes Association, American Heart Association, Brazos Valley Children's Foundation and

the March of Dimes Birth Defects Foundation

The Campus Charity Drive continues to pro

money not only for the United Way but for the charities not under the United Way umbrella.

To request an application for the Campus Cham Drive, call the Office of the President at 845-2217. Organizations have until June 25 to turn in the completed applications. Successful applicants will notified.

WANTED

Battalion Advertising Representatives

If you

- will be enrolled in school this summer
