

## Lady Aggies drop three of four matches

From Staff and Wire Reports

The Texas A&M women's volleyball team dropped three of its four matches this weekend, bringing its season record to 3-9, the worst start for the team since 1987.

The Lady Aggies defeated Lamar University Thursday in a long match, 6-15, 15-12, 12-15, 15-9, 15-10.

Elizabeth Edmiston and Kim Mitchell came on strong to bring the Aggies back from a two-to-one game deficit. Edmiston posted 17 kills and Mitchell added eight more to boost the A&M cause. Amy Cumings posted 15 kills in the match.

Coach Al Givens said the team was lucky to win despite inconsistencies in the offense.

"We just missed the job at the line tonight," Givens said of Thursday's match. "We're still very fortunate to win, when we had to play well we found a means to pull it out."

Givens praised the efforts of several players and said he was happy co-captain Sheri Hermesmeyer was back on the court since knee surgery last August. Hermesmeyer's presence as well as her 3 kills helped the Aggie effort.

Krista Hierholzer was moved to the setter position when Genny Wood became ill during the match. Hierholzer had a career-high 51 assists on the night.

The Lady Aggies traveled to Baton Rouge Friday to play in the Tiger Classic and were defeated by No. 10 Penn State in the opening round of the tournament, 15-4, 15-8, 15-8.

Penn State jumped out to a 7-1 lead in the first game and never looked back.

In the second game, the Aggies held an early lead but the Nittany Lions ran off six consecutive points and then finished the game with a kill, a block and a service ace.

Losses to within three points before Penn State scored four straight points of their own to win the game and the match.

Saturday wasn't any better as the Lady Aggies faced No. 17 Louisiana State and Cal Poly-San Luis Obispo.

A&M fell to LSU 15-4, 15-2, 15-10 before being handed their ninth loss of the season by Cal Poly, 15-13, 15-12, 15-13.

The Lady Tigers wasted no time with the Lady Aggies as they jumped out to a 9-0 lead in the first game. A&M fought back with their only four points, but LSU went on to win.

The Lady Aggies were almost shut out in the second game when the Lady Tigers ran off 14 points to A&M's two.

The Aggies played tougher in the last game, holding LSU to a 10-9 lead before the Tigers finished the match.

**Aggies** Continued from page 9

to look any more focused after their previous week's 63-14 win over southwestern Louisiana. Through three games the Aggies have outscored their opponents 131-35, but A&M tailback Darren Lewis said it's time for them to start taking it easy.

"The teams start getting tough now," Lewis said. "We're going to go out on the road now and if we're going to stay undefeated, we're going to have to stay focused and execute well."

Last year, LSU was ranked No. 7 in the country when A&M won the season opener, 28-16. This year, the Aggies ranked No. 12 and pushing for a Top 10 spot when rankings are released today, the teams seem to be reversed for Saturday's showdown in Baton Rouge.

Malone, who transferred from LSU last year, said the Aggies aren't worried about rankings — just wins.

"We don't worry about if we're going to be 12-0, or if we're going to be 1-5," he said. "We just go out and play. Everybody wants to go out and execute, to come out as a team. That's what we've been doing, and it shows on the scoreboard."

Who plays key offensive positions like the quarterback or running back hasn't seemed to have affected A&M. Sloum plugs a backup in, but the Aggies have scored at will.

Still, North Texas, who's held opponents to a total of 13 points in its first two games, gave A&M more problems defensively than USL did.

"Tonight really wasn't that easy," A&M quarterback Lance Pavlas said.

**Texas** Continued from page 9

with their first sustained drive of two minutes with a 12-play, 72-yard drive. However, they only came away with a field goal to pull within one point at halftime, 14-13.

Texas came out in the third quarter dominating the game and appeared to have the momentum on their way to upsetting the 23-ranked Buffaloes.

The Longhorns scored and recovered the onside kick and went on to control the ball for 12:17 of the third quarter.

UT Tailback Phil Brown, finishing the night with 92 yards, capped an 80-yard drive with a two-point touchdown run to put Texas at 6-6, back on top 19-14 with 4:44 remaining. But Texas failed on the two-point conversion.

This set up a bizarre onside kick. After his first kick sailed out of bounds, Pollak was attempting to sub the next kick because of the stiff wind blowing in his face, McWilliams said.

Pollak came down on the top of the ball giving the impression of an onside kick and an alert Richard jumped on the ball at Colorado 41-yard line.

Texas failed to seize momentum at this point, as the Buffaloes held the Longhorns to a field goal, giving Texas a 22-14 lead at the start of the fourth quarter.

With 14:12 remaining, Colorado took over and controlled the rest of the game.

After a 36-yard kickoff return, the Buffaloes drove 61 yards in nine plays to draw within two, 22-20, after a failed two-point conversion.

Once again Colorado made some key third-down conversions. On a third-and-10 Hagan hit wide receiver Mike Pritchard for a 16-yard completion. Later, on third-and-goal, Bieniemy scored his second touchdown from three yards out.

Colorado's defense held on the next series and McCloughan's return on the ensuing punt set up Bieniemy's game-winning score.

The Buffaloes made the score 29-22 with a safety by outside linebacker Alfred Williams in the last

## AMIGA.™

MEET THE FUTURE OF CREATIVE THINKING.

**Amiga doesn't just improve your work. It improves your thinking.** Just working hard isn't enough anymore. Creative thinking is what sets winners apart.

The Amiga computer was designed precisely with that thought in mind. It handles routine tasks, then lets you go all the way to innovation and invention.

**Whatever you can imagine, Amiga has the power to produce. Easily.**

Its built-in technology is a major advancement in a computer of this size and price range.

With a mouse and simple icons, Amiga combines a full color display, full stereo sound, graphics, 3-D animation, video capability and text as no other computer can.

It has the power to run software sophisticated enough to manipulate vast amounts of data, as well as the creative genius to create the complete score for an orchestral composition.

**We deliver today, what others promise tomorrow.**

Amiga was designed to keep up with you, from schoolwork demands through career needs.

You'll find standard what other people make optional. As well as sophisticated technology that doesn't exist on comparably powered and priced computers.

**Creative educational discounts make Amiga an easy decision.**

The Amiga Education Purchase Program for college and university students, faculty and administrators, offers a wide range of fully loaded, specially bundled hardware systems, with a complete system starting under \$700\*. All include a one year limited warranty and AmigaVision.™

**The best way to make up your own mind is to try Amiga.**

Stop by your Campus Authorized Amiga Dealer and get your hands on the future of computing.

Sure, some people buy what's standard. But we think you can make up your own mind, and choose your own best course for the future. After all, isn't that what college is all about?
