

A G G I E S W A N T E D

HOW MANY AGGIES DOES IT TAKE TO RUN A MAJOR OIL COMPANY™ ?

**Come see us on October 9
and find out.**

The fact is, Conoco has hired many A&M graduates over the years and it's proven to be a great match. That's why we're here year after year, recruiting some of the best talent in the nation to help us run our business.

Our recruiting departments will all be on campus on October 9, to discuss Conoco and to schedule interviews for October 10 and 11. Last year's "Conoco in Aggieland" was a great success, so please don't miss coming by to visit with us.

WHO? Representatives from various departments within Conoco are looking for talented people to lead the company into the next century, specifically business, engineering, computer and chemistry majors.

WHERE? The information day (Oct. 9) and interviews (Oct. 10 & 11) will take place at the Memorial Student Center in Rooms 212, 224, 225 and 226.

WHAT? An information day with Conoco representatives from various departments discussing career opportunities available for business, engineering, computer and chemistry graduates, within our company.

WHY? Formal interviews will be scheduled at this time for Wednesday and Thursday, October 10 and 11.
