Redskins lose two QBs in 28-14 loss

PHILADELPHIA (AP) — Reggie White and friends proved coach Buddy Ryan's point Monday night — that defense can score points as well as offense.

With a little help from Randall Cunningham and Heath Sherman, the defense set up or scored three touchdowns in a span of 3:51 late in the third quarter to lead Philadelphia to a 28-14 win over Washington.

The Eagles (5-4) got back into the middle of the NFC playoff race. Washington (5-4) lost both of its quarterbacks, Jeff Rutledge and Stan Humphries, to injury. Brian Mitch-

a fumble by Clyde Simmons in the middle of the third-quarter spurt.

White's 33-yard return with the first interception of his illustrious career set up Cunningham's 2-yard pass to Sherman. The fourth TD came after the defense stuffed the Redskins inside the 10, leading to Keith Byars' 9-yard pass on an option to Sherman, whose 124 yards in 35 carries made him the first Philadelphia back in nine years to rush for 100 yards in two straight games.

With 30 mph wind gusts hindering the offense, the teams went off at halftime tied 7-7 on Frizzell's return and an 8-yard TD pass from Jeff Rutledge to Don Warren.

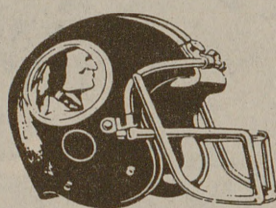

But Rutledge, who rescued the Redskins indoors in Detroit last week by throwing for 363 yards in a 41-38 overtime win, couldn't cope with the Eagles or the weather. He completed just six of 19 for 63 yards before leaving in the third quarter with an injured right thumb.

The Eagles' spurt started when White sacked Rutledge for a 6-yard loss to his own 4. Anthony Edwards returned the ensuing punt 11 yards to the Washington 33 and seven plays later, Byars hit Sherman in the end zone. The drive was prolonged by a 6-yard, fourth-down pass from Cunningham to Sherman that put the ball at the 21.

On Washington's third play, Hopkins plowed into Rutledge and knocked the ball loose. Simmons picked it up on the 18 and carried it in to make it 21-7 just 1:10 after the first score.

On the next series, Humphries was at quarterback for Washington.

Cunningham completed 11 of 20 passes for 133 yards and rushed five times for 42.

ell, a wishbone quarterback in college and now listed as a running back, took over and led Washington 56 yards to a late TD, which he scored on a 1-yard dive.

The Eagles avenged a 13-7 loss at Washington three weeks ago and joined the Redskins four games behind the unbeaten New York Giants in the NFC East. If the season ended now, Washington and Philadelphia would be wild-card playoff entries.

Two of Philadelphia's touchdowns came directly from the defense, a 30-yard interception return for a score by William Frizzell in the first quarter and an 18-yard run with

UT loses three starters in win over Cougars

AUSTIN (AP) — Texas reached new heights of intensity in whipping Houston but may have lost three starters for this week's game against Texas Christian.

The Longhorns are far from having the Southwest Conference foot-

ball title in the bag, Texas coach David McWilliams said Monday.

Texas jumped seven places in The Associated Press college football poll, to No. 7, as a result of its 45-24 victory Saturday over previously undefeated, untied and third-ranked Houston, which fell to No. 12.

Texas is 5-0 in the SWC, 7-1 for the season with its only loss to No. 2 Colorado. The Horns this Saturday travel to Fort Worth to play unranked Texas Christian (5-4 and 3-3), which has not beaten the Longhorns since 1967.

The game will be nationally televised on CBS, with kickoff at 11:08 a.m. CST.

"Not one thing that we did last week for Houston is going to beat TCU. We've got to start all over again," McWilliams said at his weekly news conference.

Against Houston, Texas was more intense than in any previous game this season, McWilliams said. "I think that's great, because I think you have to experience that sometimes just once to realize you can have it every week. If you haven't done it, you don't realize how high you can get."

The game could prove costly, however, as offensive tackle Chuck Johnson sprained ligaments in his left knee; center Todd Smith sustained badly bruised ribs on his left side; and cornerback Mark Berry separated his right shoulder.

All three are "very questionable" for Texas Christian, McWilliams said.

With Texas Christian, Baylor and Texas A&M left on Texas' schedule, McWilliams was asked if he was "over the hump."

"You're never over the hump, until the season's over," McWilliams said. "Every game's a hump ... every game you've got to perform."

"I just hope ... we get a chance to go."

TCU's Vogler possibly out for UT game

FORT WORTH (AP) — Texas Christian quarterback Matt Vogler couldn't practice Monday because his left shoulder was separated in Saturday's 40-28 Southwest Conference loss to Texas Tech.

TCU coach Jim Wacker said a decision would be made later in the week whether the Frogs would go with freshman Tim Schade next Saturday against the Texas Longhorns.

Schade passed for 3,694 yards and 47 touchdowns his last two years in high school at Pekin, Ill., said TCU sports information officials. He's Wacker's nephew and the coach had hoped to redshirt him.

"It would not be the ideal place to break in a freshman quarterback against Texas on national television, but you've got to do what you've got to do," Wacker said.

Vogler's arm was in a sling and he couldn't put his shirt on without help.

Texas and TCU meet on Saturday at 11:07 a.m. in a nationally televised (CBS) game from Amon Carter Stadium.

The Department of Biochemistry

The University of Texas Health Science Center San Antonio, Texas

The Department of Biochemistry offers a graduate program in biochemistry to prepare students for research and teaching careers. The program combines course work and research in the first two years followed by an increasing emphasis on independent research in following years. Faculty are well equipped and well funded for basic research, providing a variety of research opportunities for the student. Living conditions are excellent. Historic San Antonio, on the edge of the hill country, offers a wide range of both curricular and extracurricular activities together with a low cost of living. Stipends start at \$12,051 for the first year with modest increases as the student progresses. For more information return the form below or call (512) 567-3770. Please stop by and visit with our representatives in the lobby of the new TAMU Biochemistry/Biophysics building on GOALS day (Graduate Opportunities in Agricultural and Life Sciences) Wednesday, November 14, 1990.
