WOMEN'S RAPE PREVENTION & SEXUAL ASSAULT SEMINAR ZTA

Brought to you by: Zeta Tau Alpha and Pro-Tech Training Systems

The Women's Rape Prevention and Sexual Assault Seminar offers a multi-disciplinary approach to preventing and surviving a sexual assault. This program borrows from the field of criminal justice, crime prevention, psychology, sociology, and the martial arts. It is designed to give each student strategies to prevent, resist, and defend against sexual assault.

Our teaching methods allow practically anyone to learn simple self protection skills without extensive training or long term commitment. It is not necessary to be a world class athlete or a highly skilled black belt to participate in this seminar.

SEMINAR TOPICS:

- A. Scope of the problem
1. One of three women are sexually assaulted in their lifetime.
2. Over 50 % of all sexual assaults are committed by a person known by the victim.
B. Prevention through awareness
C. Post attack procedures
D. Resisting Attack - a multiple strategy approach
1. Mental Preparation
2. Physical Resistance
a. Pressure Point Control Tactics System
b. The Pro-Tech tool with practical applications

Date: Part 1: Wednesday, March 20 7:00-9:00 pm

Place: The Zeta Tau Alpha sorority house: 1403 Athens, CS., TX

Cost: \$35 (includes course materials, Pro-Tech tool and refreshments)

To Register: Contact Krystal Kettle at 693-6412 or Brian Rogers at 779-5426 or arrive at the ZETA house shortly before 7:00 pm.

Please preregister! We do have limited space! We firmly believe this is the BEST rape prevention course anywhere at any price! If you do not agree, 100% of the price will be refunded!

Groups sponsor 'Green Week'

Several Texas A&M organizations and the Texas Environmental Action Coalition are sponsoring "Green Week" to increase awareness about environmental issues and an environmental conference this weekend at A&M.

The following is a list of Green Week activities:
★ Registration for The Oklahoma Texas Environmental Meeting (TOTEM) is open from 9 a.m. to 2 p.m. today at tables in the MSC, Blocker and the Commons. The Wildlife Biology Society and TEAC also will present information about career opportunities at 7 p.m. in 307 Francis.

★ Bryan-College Station, Brazos Beautiful and the Texas Agricultural Extension Service will kick off the 1991 "Don't Bag It" lawn care program at noon Tuesday at the Brazos County Extension Office, 2619 W. Highway 21.

★ The College Station Parks and Recreation Department is sponsoring a wildflower and native plant workshop with Dr. Ed McWilliams, an A&M horticulture professor, from 11 a.m. to 1 p.m. Wednesday at the College Station Conference Center. TEAC also will have its general meeting at 7 p.m. in 202 Engineering Physics.

Also from 7 to 10 p.m. in Francis Hall, the Undergraduate Professional Committee for the Parks and Recreation Department will sponsor a career fair.

At the Front Porch Cafe, a benefit concert for the Fossil Rim Wildlife Preserve will begin at 8 p.m.

★ The Aggie Players will perform the environmental play "The Lorax" at 12:30 p.m. Thursday in front of the Academic Building. Wildlife T-shirts also will be on sale.

★ Registration for TOTEM will be open from 12 to 5 p.m. Friday on the second floor of Rudder Tower. A panel discussion also will be from 1:30 to 3:30 p.m. in Rudder Theater.

★ The TOTEM conference will be this weekend. Speeches by Gary Mauro and Jim Hightower will highlight the weekend's events.

The Battalion will offer suggestions to its readers this week on ways to make our planet available for the next generation. This service coincides with the Texas Environmental Action Coalition's "Green Week."

The following tips focus on transportation:

★ Arrange or join a car pool for commuting or use public transportation as much as possible. Better yet, bike or walk.

★ Buy the most fuel efficient car you can. Aim for 35 miles per gallon and don't buy a bigger car than you need.

★ Properly maintain your vehicle, getting a tune-up every 5,000 to 8,000 miles.

★ Use radial tires and make sure tire pressure is at recommended level.

★ Do not speed.

★ Buy a light-colored car with tinted glass because it will need less air conditioning.
