wed to days before First phase will include amphitheater

By Morgan Juday Special to The Battalion

Construction of the first phase of the Wolf Pen Creek development project could begin as early as next September, said College Station's director of Parks and Recreation.

"Architects are finishing designs and engineers are finaliz-ing plans for Phase I of the project," Steve Beachy said.

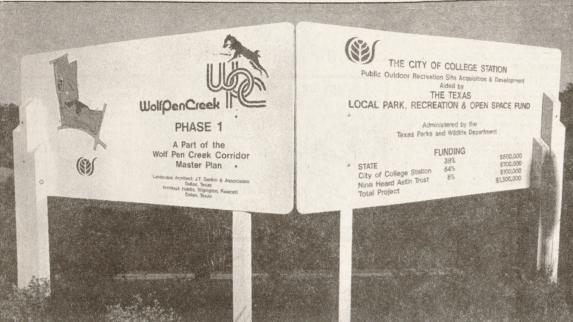

He said bids for contractors

should go out in July or August. Once the bids are approved by the College Station City Council, construction of Wolf Pen Creek's

Phase I will begin, Beachy said. "If the bids are approved by late July or early August, construction will start in September," Beachy said.

The initial project, which is estimated to cost \$1.3 million, will include a small lake, walking trails and amphitheater. It will take
