WORK SMARTER. NOT HARDER.

Management or marketing major? Smart.

Finance or accounting student? Also smart.

To be even smarter, you need a BA II PLUS™ or BA-35 from Texas Instruments now, before assignments pile up. They're designed especially for business professionals. The kind you're going to be.

Of course, the BA II PLUS has basic business functions like time-value-of-money. Plus, it offers cash flow analysis for internal rate of return (IRR) and net present value (NPV). It even performs bond calculations, depreciation and advanced statistics.

And the BA-35 is our most affordable calculator for time-value-of-money calculations.

Try the BA II PLUS or BA-35 at your local TI retailer today. And start working smarter, instead of harder.

TEXAS INSTRUMENTS

WHAT'S UP

THURSDAY:
