Proof.
You can rely on Kaplan LSAT prep.
 The Roman Numerals question format, sometimes called Triple True/False, has not appeared on the LSAT since February 1991. **Kaplan caught the change.** Not by accident, but because we have a team of professionals dedicated to analyzing the LSAT. **Kaplan updated all lectures, materials and sample tests.** So you'll spend every minute and every dollar getting ready for the test that you'll actually take.
Incriminating evidence.
 Look at *Cracking the LSAT: 1993 Edition*. Publisher: The Princeton Review. Check pps. 16, 26, 53, 72, 80, 104, 120, 147, 151, 195, 223. And **especially** page 47. Ignore the faint scent of mildew.
