ULCER STUDIES

Do you have stomach pain? Indigestion? Heartburn? Perhaps we could help! If you have an ulcer (duodenal or gastric) and participate in this pharmaceutical company-sponsored clinical research trial, you will receive free medical treatment, the chance of healing your ulcer, up to \$700 and the satisfaction of contributing to a nationwide ulcer trial. If you or someone you know might benefit from these studies, contact:

**BIOLOGICA RESEARCH GROUP, INC.
776-0400**

Sore Throat/Strep Throat Study

Individuals at least 13 years old need ed to participate in a sore throat (strep throat, tonsillitis) research study involving an investigational oral antibiotic in capsule form. \$100 incentive paid to those chosen to participate upon completion of the study.

Asthma Study

Individuals, age 18-55, with asthma wanted to participate in a clinical research study for approximately 9 weeks with an investigational medication in capsule form. Individuals must be using inhaled steroid medication to qualify. \$300 incentive paid to those completing the study.

TENSION HEADACHE?

Individuals with severe Tension Headaches wanted to participate in a 4-hour headache relief research study with an investigational medication in tablet form. Flexible hours. \$75 incentive for individuals who are chosen and complete the study. Daily, till 6:30, call 776-0400.

ADULT SKIN INFECTION STUDY

Individuals age 13 and older wanted to participate in a research study for bacterial skin infections such as infected wounds, earlobes, infected burns, boils, infected hair follicles, impetigo, infected ingrown toenails and others. Investigational oral antibiotic in capsule form. \$100 incentive for those chosen who complete the study.

CHILDREN'S SKIN INFECTION STUDY

Children, age six months to 12 years, wanted to participate in a research study for bacterial skin infections such as: infected wounds, bug bites, earlobes, burns, boils, hair follicles, ingrown toenails, impetigo and others. Investigational oral antibiotic in liquid form. \$150 incentive for those chosen who complete the study.

SINUS INFECTION STUDY

Individuals age 13 and older with a sinus infection to participate in a clinical research study for 3 to 5 weeks with an investigational antibiotic in capsule form. Minimum incentive of \$150 paid to those who complete the study.

Maldonado's late single propels Toronto to Series lead

THE ASSOCIATED PRESS

TORONTO — Candy Maldonado and the Toronto Blue Jays turned Atlanta upside down and moved on top after three games of the first World Series played in Canada.

Maldonado singled over the drawn-in outfield with one out in the ninth inning, giving the Blue Jays a 3-2 victory Tuesday night for a 2-1 lead.

The hit came on a 0-2 pitch from Jeff Reardon, who served up pinch-hitter Ed Sprague's winning two-run homer in the ninth inning Sunday night in Atlanta.

That game was marked by an incident in which the Canadian flag was carried upside-down in pre-game ceremonies. This time, thousands of red maple leaves were

sent swirling, all of them right-side-up by Maldonado's single.

A tight game featuring home runs by Joe Carter and Kelly Gruber, a near triple play and a rare ejection came down to the bottom of the ninth inning.

Roberto Alomar began the inning with a single off Steve Avery, and stole second while reliever Mark Wohlers was pitching Carter. After an intentional walk to Carter and Dave Winfield, Maldonado sacrifice bunt of the lefty Mike Stanton was unmoved to face John Olerud.

Sprague pinch-hit and intentionally walked, and Maldonado met Reardon with a drive. Otis Nixon's head in centerfield

"It (volleyball) is a crazy game. It's a game of momentum and flow. And the team that gets momentum usually wins."

The Lady Aggies know a bit about ebbing and flowing in their match with Baylor. They came back into form with two kills and a .778 hitting percentage in the third game.

But fellow middle blocker Mitchell, who suffered a deep bruise in the same game, is as questionable against tonight.

"I was hitting the ball, and I hit it, I lost my balance and the (net) standard and banged my leg," Mitchell said. "Right now, it's just bruised. Things that just kind of happen."

Givens said that his main alternative for Mitchell is to have healthy for A&M's next game Saturday.

"We're hoping that we have her back by the time we play Rice," Givens said. "That's 100 percent sure. It just depends on how she feels. It got a little tender after a couple of days practice."

"Our concern is that it doesn't get worse."

The next Saturday brings another classic non-conference opponent to Kyle Field: the Louisville Cardinals. I can't really remember where Louisville is, and neither will they when their heads are handed to them on the way out of town. \$40.

On just four days of rest, A&M travels to the Astrodome to take on the University of Houston, whose offense has looked more anemic than a dog at a flea circus. And the defense looks worse. 10-0.

Texas Christian University visits the Brazos Valley on November 21. Need I say more? 11-0.

That puts our nemesis, the Sips, between us and an undefeated Cotton Bowl season. I put my money on the Aggies.

It is not the Aggies' fault that they don't play a challenging conference schedule, and they are trying to improve their non-conference schedule by putting Oklahoma on the docket in 1995 and 1994.

Rumors abound that A&M and Texas will leave the SWC in the next few years for broader horizons and a whole lot more cash in the Southeastern Conference, and who could blame them.

Most people wouldn't put \$25 for the pleasure of seeing the Aggies and SMU play football, but A&M against Alabama is a sure sellout.

Wesley

Continued from Page 5

championship season, earning second-team All-SWC honors in the process.

After a sophomore season like that, it's no doubt the other members of A&M's offensive line were happy to know Wesley would return.

"Dexter is one of the best, most steady linemen I've ever seen," center Chris Dausin said. "He's a big help on our offensive line. He plays great every single game."

Dausin also said that since the Aggies are trying to move to a more pass-oriented offensive scheme, having someone with Wesley's experience at the tackle position was a must for pass protection.

"In the passing game, I think Dexter and (right tackle Jason) Mathews have the biggest responsibility on the entire line," Dausin said. "In our conference, there are a lot of linebackers who can get around the end well, but Dexter is a big man who can really move well, and he can catch a lot of those guys."

Dausin said playing against linebackers like Buckley and junior Steve Solari in practice was an advantage for Wesley in preparing for game days.

"You look at Marcus Buckley, and he's the best outside linebacker in the nation, and Steve Solari is not far behind," Dausin said. "There's no one in the conference as fast as those two guys at that position. Going against those guys, Dexter gets to play the best so he's prepared every week."

Wesley echoed Dausin and Toledo's comments, saying practicing against the "Wrecking

Crew" defense was advantageous to his preparation every week.

"It's great practicing against those guys, because Buckley is definitely the best outside linebacker in the conference, and I figure if I can block him, I can block anybody," Wesley said. "I look forward to going against him in practice, and we have a couple of other good linebackers, like Solari, who are tough to block, too."

"We probably have the quickest linebackers there are, so I just get better every time I go against them."

Sophomore linebacker Larry Jackson, who attended high school with Wesley, said when he first heard of Wesley's accident, he couldn't keep his thoughts in order until he knew his friend was all right.

"I was lifting weights when I found out, and after that I couldn't concentrate on anything I was doing until I saw him," Jackson said. "When I came into the hospital room, I saw him smiling, and I knew he was OK."

"Dexter always gets that big smile when he's all right."

Jackson also said that not only did it help Wesley practicing against A&M's linebackers, but the way he practiced made him a better player.

"The way Dexter always goes full speed covering the blitz in practice, that helps us, and it definitely helps him get better," Jackson said.

Wesley said he and the offensive line had improved every week, but that there was still a little ways to go.

"We started a little slow against Stanford, because they threw a lot of different defense at us, but I think we have picked it up a little each game since then," Wesley said.

"There is still some work to do, but it won't be long before we're right where we want to be."

Lady Aggies

Continued from Page 5

Givens also sounded the trumpet of execution, but added that A&M's three-game sweep of Baylor in Waco a week ago did a lot to bring back the Lady Aggies' oncesolid execution.

"Baylor's got a much-improved ball team, probably the best they've had (since I've been here)," Givens said about the Lady Bears, who fell to A&M 15-7, 15-12, 15-8. "It was not so much what they didn't do, but what we did to them."

"I thought that our execution was better (than it has been). We know that if we execute well, we can compete with anyone."

In their last match with Tech, the Lady Aggies proved they could compete. But with the Lady Red Raiders entering the match ranked 17th in the nation, the competition will be escalated.

"They force you to play the game," Givens said. "They dig so well as a team that they throw you off."

because they beat Missouri, Tulsa and Louisiana State, and our conference opponents are abysmal.

I realize the Aggies beat Stanford, and the Cardinal or pine tree or whatever they are called is a good team, but they were a recent addition to the schedule, and we won't be seeing them again soon.

A&M is playing well after physically dominating Rice last Saturday, but it was Rice for Pete's sake. That's not a big step above the Sisters of the Poor.

The rest of the Aggies' schedule looks no more difficult, with the possible exception of the Longhorns on Thanksgiving Day.

Baylor comes strutting into College Station this weekend with their overweight, rabid-looking, mouth-foaming, soft drink-swilling mascot in tow.

The only Aggie that should be in any danger is Reveille if the bear gets loose and decides it's hungry. 7-0.

The Aggies will then face Southern Methodist University at the Cotton Bowl on Halloween, which seems fitting because nothing is uglier or scarier than SMU's football team. 8-0.
